

## Scope of Engagement

Subfilter1	Subfilter2
AI Discovery	AI readiness
	Applicability & Value Analyses
	Use Case Pilots
	Research & Development (R&D)
	Quantum AI / Computing
	AI Safety
Licensing	Commercial Off The Shelf (COTS)
	Design & Build
	Implementation
Customisation & support	AI Security & Data Protection
	Data Ethics in Use of AI
	Product and Service Maintenance
	AI Product and Service Training
End-to-end Partnerships	

## Type of AI

Subfilter1	Subfilter2
AI Application	Robotic Process Automation (RPA)
	Federated learning
	Computer Vision
	Natural Language Processing (NLP)
	Machine Learning (ML)
	Deep Learning
	Artificial Neural Networks
	Generative AI
	Speech Recognition
	Frontier LLM's
Augmented Decision Making	Expert Systems
	Neural Networks/Deep learning
	Fuzzy logic
Data & Analytics	Data Visualisation and reporting
	Data Governance and Management
	Enhanced decision support
	Predictive AI
Virtual Assistants and Chatbots	
Medical AI Technology	Screening
	Diagnosis
	Augmented Decision Making
	Improving System Efficiency
	Research
	Predictive AI

## Sectors

Subfilter1
Blue light
Central Government
Devolved Administrations
Health
Local Government
Not for profit
Defence and Security
Education
Culture, Media and Sport
