STANDARD BUILDING CONTRACT

Standard Building Contract Without Quantities (SBC/XQ)

Appropriate:

- for larger works designed and/or detailed by or on behalf of the Employer, where detailed contract provisions are necessary and the Employer is to provide the Contractor with drawings; and with either a specification or work schedules to define adequately the scope and quality of the work and where the degree of complexity is not such as to require bills of quantities; and
- where an Architect/Contract Administrator and Quantity Surveyor are to administer the conditions.

Can be used:

- where the Contractor is to design discrete part(s) of the works (Contractor's Designed Portion);
- where the works are to be carried out in sections;
- by both private and local authority employers;
- where provisions are required to cover named specialists.

Recitals

Whereas

First

the Employer wishes to have the following work carried out^[2]:

[]

at

[] ('the Works')

and has had drawings and either a specification or work schedules prepared which show and describe the work to be done;

Second

the drawings are numbered/listed in [] annexed to this Contract ('the Contract Drawings') and have for identification been signed or initialled by or on behalf of each Party^[3];

Third

in accordance with whichever of the following options and documents is stated in the Contract Particulars to apply, the Contractor either:

- (A) has priced the Specification or Work Schedules ('the Priced Document'), the total of such pricing being the Contract Sum stated in Article 2 ('Pricing Option A'); or
- (B) has stated the sum he will require for carrying out the Works shown on the Contract Drawings and described in the Specification, that sum being the Contract Sum stated in Article 2, and has supplied to the Employer a Contract Sum Analysis or a Schedule of Rates on which that sum is based ('the Priced Document') ('Pricing Option B');

and has provided the Employer with the priced schedule of activities annexed to this Contract ('the Activity Schedule')^[4];

the Priced Document, the priced Activity Schedule, where provided, and (where Pricing Option B applies) the (unpriced) Specification have each for identification been signed or initialled by or on behalf of each Party;

Fourth

for the purposes of the Construction Industry Scheme (CIS) under the Finance Act 2004, the status of the Employer is, as at the Base Date, that stated in the Contract Particulars;

[2] State nature and location of intended works.

[3] State the identifying numbers of the Contract Drawings or identify the schedule of drawings or other document listing them, which should be annexed to this Contract, and make the appropriate deletions. The drawings themselves should be signed or initialled by or on behalf of each Party.

[4] Delete these lines if a priced Activity Schedule is not provided.
In the Activity Schedule, each activity should be priced, so that the sum of those prices equals the Contract Sum excluding Provisional Sums.

Fifth

the Employer has provided the Contractor with a schedule ('the Information Release Schedule') which states the information the Architect/Contract Administrator will release and the time of that release^[5];

Sixth

the division of the Works into Sections is shown in the Specification/Work Schedules and/or the Contract Drawings or in such other documents as are identified in the Contract Particulars^[6];

Seventh

where so stated in the Contract Particulars, this Contract is supplemented by the Framework Agreement identified in those particulars;

Eighth

whether any of Supplemental Provisions 1 to 6 and 9 apply is stated in the Contract Particulars;

The Ninth to Twelfth Recitals apply only where there is a Contractor's Designed Portion

Ninth

the Works include the design and construction of^[7] [] ('the Contractor's Designed Portion');

Tenth

the Employer has supplied to the Contractor documents showing and describing or otherwise stating his requirements for the design and construction of the Contractor's Designed Portion ('the Employer's Requirements');

Eleventh

in response to the Employer's Requirements the Contractor has supplied to the Employer:

- documents showing and describing the Contractor's proposals for the design and construction of the Contractor's Designed Portion ('the Contractor's Proposals'); and
- an analysis of the portion of the Contract Sum relating to the Contractor's Designed Portion ('the CDP Analysis');

Twelfth

the Employer has examined the Contractor's Proposals and, subject to the Conditions, is satisfied that they appear to meet the Employer's Requirements.^[8] The Employer's Requirements, the Contractor's Proposals and the CDP Analysis have each for identification been signed or initialled by or on behalf of each Party and particulars of each are given in the Contract Particulars;

[5] Delete the Fifth Recital if an Information Release Schedule is not provided.

[6] Delete the Sixth Recital if the Works are not divided into Sections.

[7] State nature of work in the Contractor's Designed Portion, or delete these four Recitals if not applicable. If the space here is insufficient a separate list should be prepared, signed or initialled by or on behalf of each Party and identified here, either as a specified Annex to this Contract or by its reference number, date or other identifier.

[8] Where the Employer has accepted a divergence from his requirements in the proposals submitted by the Contractor, the divergence should be removed by amending the Employer's Requirements before the Contract is executed.

Articles

Now it is hereby agreed as follows

Article 1 Contractor's obligations

The Contractor shall carry out and complete the Works in accordance with the Contract Documents.

Article 2 Contract Sum

The Employer shall pay the Contractor at the times and in the manner specified in the Conditions the VAT-exclusive sum of

[] (£[]) ('the Contract Sum')

or such other sum as becomes payable under this Contract.

Article 3 Architect/Contract Administrator

For the purposes of this Contract the Architect/Contract Administrator is

[]

of

[]

or, if he ceases to be the Architect/Contract Administrator, such other person as the Employer nominates in accordance with clause 3.5 of the Conditions.

Article 4 Quantity Surveyor

For the purposes of this Contract the Quantity Surveyor is/the functions of the Quantity Surveyor shall be exercised by^[9]

[]

of

[]

or, if he ceases to be (or to exercise the functions of) the Quantity Surveyor, such other person as the Employer nominates in accordance with clause 3.5 of the Conditions.

Article 5 Principal Designer

The Principal Designer for the purposes of the CDM Regulations is the Architect/Contract Administrator

(or)^[10] []

[9] Delete as appropriate. If the Architect/Contract Administrator is to exercise the Quantity Surveyor's functions under the Conditions, his name should be inserted in Article 4.

[10] Insert the name of the Principal Designer in Article 5 if the Architect/Contract Administrator is not to fulfil that role and that of the Principal

of

[]

or such replacement as the Employer at any time appoints to fulfil that role.

Article 6 Principal Contractor

The Principal Contractor for the purposes of the CDM Regulations is the Contractor

(or)^[10] []

of

[]

or such replacement as the Employer at any time appoints to fulfil that role.

Article 7 Adjudication

If any dispute or difference arises under this Contract, either Party may refer it to adjudication in accordance with clause 9.2.^[11]

Article 8 Arbitration

Where Article 8 applies^[12], then, subject to Article 7 and the exceptions set out below, any dispute or difference between the Parties of any kind whatsoever arising out of or in connection with this Contract shall be referred to arbitration in accordance with clauses 9.3 to 9.8 and the JCT 2016 edition of the [Construction Industry Model Arbitration Rules \(CIMAR\)](#). The exceptions to this Article 8 are:

- any disputes or differences arising under or in respect of the Construction Industry Scheme or VAT, to the extent that legislation provides another method of resolving such disputes or differences; and
- any disputes or differences in connection with the enforcement of any decision of an Adjudicator.

Article 9 Legal proceedings^[12]

Subject to Article 7 and (where it applies) to Article 8, the English courts shall have jurisdiction over any dispute or difference between the Parties which arises out of or in connection with this Contract.

Contractor in Article 6 if that is to be a person other than the Contractor.

Under the CDM Regulations 2015, regardless of whether or not a project is notifiable, there is a requirement to appoint a principal designer and a principal contractor in all cases where there is more than one contractor, or if it is reasonably foreseeable that more than one contractor will be working on a project at any time. For these purposes, the term 'contractor' is broadly defined by the regulations and treats the Contractor's sub-contractors as separate contractors.

[11] As to adjudication in cases where the Employer is a residential occupier within the meaning of section 106 of the Housing Grants, Construction and Regeneration Act 1996, see the Standard Building Contract Guide.

[12] If it is intended, subject to the right of adjudication and exceptions stated in Article 8, that disputes or differences should be determined by arbitration and not by legal proceedings, the Contract Particulars **must** state that Article 8 and clauses 9.3 to 9.8 apply and the words "do not apply" **must** be deleted. If the Parties wish any dispute or difference to be determined by the courts of another jurisdiction the appropriate amendment should be made to Article 9 (see also clause 1.12 and Schedule 5 Part 1 and Part 2).

Some Employers (e.g. tenants and some homeowners) may not be able readily to obtain the Joint Names cover required under paragraph C.1. Where that is the case, alternative arrangements and amendments will be necessary. See the Standard Building Contract Guide.

Where there are Existing Structures, it is vital that any prospective Employer who is not familiar with Insurance Option C – in particular any Employer who is a tenant or domestic homeowner – or an appropriate member of the Employer's professional team, should consult specialist insurance advisers prior to the tender stage. Any Employer who is a tenant should also consult his insuring landlord prior to that stage.

[25] Obtaining Terrorism Cover for the Works, which unless otherwise agreed is necessary in order to comply with the requirements of Insurance Option A, B or C, will involve an additional premium and in certain situations has been difficult to effect. If any difficulty might arise, there should be immediate pre-contract discussion between the Parties and their insurance advisers. See the Standard Building Contract Guide.

Notes on Execution as a Deed

- 1 For the purposes of execution as a deed, two forms are provided for execution, one for the Employer and the other for the Contractor. Each form provides four methods of execution, **(A)** to **(D)**, for use as appropriate. The full name of the Employer or Contractor (whether an individual, a company or other body) should be inserted where indicated at the commencement of the relevant form. This applies irrespective of the method used.
- 2 For public and private companies incorporated and registered under the Companies Acts, the three principal methods of execution as a deed are:
 - (A)** through signature by a Director and the Company Secretary or by two Directors;
 - (B)** by affixing the company's common seal in the presence of a Director and the *Company* Secretary or of two Directors or other duly authorised officers; or
 - (C)** signature by a single Director in the presence of a witness who attests the signature.

Methods **(A)** and **(C)** are available to public and private companies whether or not they have a common seal. (Method **(C)** was introduced by section 44(2)(b) of the Companies Act 2006.) Methods **(A)** and **(C)** are not available under companies legislation to local authorities or to certain other bodies corporate, e.g. bodies incorporated by letters patent or private Act of Parliament that are not registered under companies legislation and such bodies may only use method **(B)**.
- 3 Where method **(A)** is being used, delete the inappropriate words and insert in the spaces indicated the names of the two Directors, or of the Director and the Company Secretary, who are to sign.
- 4 If method **(B)** (affixing the common seal) is adopted in cases where either or both the authorised officers attesting its affixation are not themselves a Director or the *Company* Secretary, their respective office(s) should be substituted for the reference(s) to Director and/or to *Company* Secretary/Director. (In the case of execution by bodies that are not companies, the reference to "*Company*" under the second signature should be deleted where appropriate.)
- 5 Method **(C)** (execution by a single Director) has been introduced primarily, but not exclusively, for 'single officer' companies. The Director should sign where indicated in the presence of a witness who should then sign and set out his name and address.
- 6 Where the Employer or Contractor is an individual, he should use method **(D)** and sign where indicated in the presence of a witness who should then sign and set out his name and address.

- 1.7.4 Any notice expressly required by this Contract to be given in accordance with this clause 1.7.4 shall be delivered by hand or sent by Recorded Signed for or Special Delivery post. Where sent by post in that manner, it shall, subject to proof to the contrary, be deemed to have been received on the second Business Day after the date of posting.
- 1.7.5 If in an emergency any communication is made orally with respect to health and safety, risk of damage to property or insurance matters, written confirmation of it shall be sent as soon thereafter as is reasonably practicable.

[36] In cases where there is no BIM Protocol, the Parties should agree a communications protocol on or before entering into the Contract, or as soon thereafter as is practicable, covering e.g. the medium or format to be used for the Design Submission Procedure (Schedule 1) if not stated in the Employer's Requirements or Contractor's Proposals. See the Standard Building Contract Guide.

1.8 Issue of Architect/Contract Administrator's certificates

Each certificate to be issued by the Architect/Contract Administrator under these Conditions shall be issued to the Employer and the Contractor at the same time.

1.9 Effect of Final Certificate

1.9.1 Subject to clause 1.9.2 (and save in respect of fraud), the Final Certificate shall have effect in any proceedings under or arising out of or in connection with this Contract (whether by adjudication, arbitration or legal proceedings) as conclusive evidence that:

1.9.1.1 where and to the extent that any particular quality of any materials or goods or any particular standard of an item of workmanship was expressly described in the Contract Documents, in any instruction issued by the Architect/Contract Administrator under these Conditions or in any drawings or documents issued by him under any of clauses 2.9 to 2.12, to be for his approval, the particular quality or standard was to his reasonable satisfaction, but the Final Certificate shall not be conclusive evidence that they or any other materials, goods or workmanship comply with any other requirement or term of this Contract;

1.9.1.2 necessary effect has been given to all the terms of this Contract which require an adjustment to be made to the Contract Sum save where there has been an erroneous inclusion or exclusion of any work, materials, goods or figure or an arithmetical error in any computation, in which event the Final Certificate shall have effect as conclusive evidence as to all other computations;

1.9.1.3 all and only such extensions of time, if any, as are due under clause 2.28 have been given; and

1.9.1.4 the reimbursement of direct loss and/or expense, if any, due to the Contractor as agreed, ascertained or valued in accordance with these Conditions is in final settlement of all and any claims which the Contractor has or may have arising out of the occurrence of any Relevant Matters, whether such claim be for breach of contract, duty of care, statutory duty or otherwise.

1.9.2 The effects of the Final Certificate specified in clause 1.9.1 shall in relation to the subject matter of any adjudication, arbitration or other proceedings be suspended pending the conclusion of such proceedings, and shall thereafter be subject to the terms of any decision, award or judgment in and any settlement of those proceedings:

1.9.2.1 where those proceedings are commenced before or within 28 days after the date of issue of the Final Certificate; or

1.9.2.2 in the case of an adjudication commenced within the period referred to in clause 1.9.2.1 in which the Adjudicator gives his decision after the date of issue of the Final Certificate, where arbitration or legal proceedings to determine the dispute or difference in question are commenced within 28 days of the date of that decision

but not otherwise.

1.9.3 For the purposes of clause 1.9.2 any proceedings shall be treated as concluded if during any period of 12 months commencing on or after the issue of the Final Certificate neither Party takes a further step in them.

1.10 Effect of certificates other than Final Certificate

Save as stated in clause 1.9 no certificate of the Architect/Contract Administrator shall of itself be conclusive evidence that any works, any materials or goods or any design completed by the Contractor for the Contractor's Designed Portion to which the certificate relates are in accordance with this Contract.

1.11 Consents and approvals

1.11.1 Where consent or approval of either Party or the Architect/Contract Administrator is expressly required under these Conditions and is requested, then, except as provided in clause 1.11.2, such consent or approval shall not be unreasonably delayed or withheld.

1.11.2 In the following cases the giving of consent or approval shall be at the sole discretion of the

Party from whom it is sought and clause 1.11.1 shall not apply, namely the Employer's consent under clause 2.10, 2.38 or 3.18.2 and either Party's consent under clause 7.1.

Section 2 Carrying out the Works

Contractor's Obligations

2.1 General obligations

The Contractor shall carry out and complete the Works in a proper and workmanlike manner and in compliance with the Contract Documents, the Construction Phase Plan and Statutory Requirements, and shall give all notices required by the Statutory Requirements.

2.2 Contractor's Designed Portion

Where the Works include a Contractor's Designed Portion, the Contractor shall:

- 2.2.1 in accordance with the Contract Documents, complete the design for the Contractor's Designed Portion, including the selection of any specifications for the kinds and standards of the materials, goods and workmanship to be used in the CDP Works, so far as not described or stated in the Employer's Requirements or the Contractor's Proposals;
- 2.2.2 comply with the Architect/Contract Administrator's directions for the integration of the design of the Contractor's Designed Portion with the design of the Works as a whole, subject to the provisions of clause 3.10.3; and
- 2.2.3 in complying with this clause 2.2, comply with regulations 8 to 10 of the CDM Regulations.

2.3 Materials, goods and workmanship

- 2.3.1 All materials and goods for the Works, excluding any CDP Works, shall, so far as procurable, be of the kinds and standards described in the Specification/Work Schedules. Materials and goods for any CDP Works shall, so far as procurable, be of the kinds and standards described in the Employer's Requirements or, if not there specifically described, as described in the Contractor's Proposals or other Contractor's Design Documents. The Contractor shall not substitute any materials or goods so described without the Architect/Contract Administrator's consent which, if given, shall not relieve the Contractor of his other obligations.
- 2.3.2 Workmanship for the Works, excluding any CDP Works, shall be of the standards described in the Specification/Work Schedules. Workmanship for any CDP Works shall be of the standards described in the Employer's Requirements or, if not there specifically described, as described in the Contractor's Proposals.
- 2.3.3 Insofar as the quality of materials or goods or standards of workmanship are stated to be a matter for the Architect/Contract Administrator's approval, such quality and standards shall be to his reasonable satisfaction. To the extent that the quality of materials and goods or standards of workmanship are neither described in the documents referred to in clause 2.3.1 or 2.3.2 nor stated to be a matter for such approval or satisfaction, they shall in the case of the Contractor's Designed Portion be of a standard appropriate to it and shall in any other case be of a standard appropriate to the Works.
- 2.3.4 The Contractor shall at the Architect/Contract Administrator's request provide him with reasonable proof that the materials and goods used comply with this clause 2.3.
- 2.3.5 The Contractor shall take all reasonable steps to encourage Contractor's Persons to be registered cardholders under the [Construction Skills Certification Scheme](#) (CSCS) or qualified under an equivalent recognised qualification scheme.

Possession

2.4 Date of Possession – progress

On the Date of Possession possession of the site or, in the case of a Section, possession of the

relevant part of the site shall be given to the Contractor who shall thereupon begin the construction of the Works or Section and regularly and diligently proceed with and complete the same on or before the relevant Completion Date. For Works insurance purposes the Contractor shall retain possession:

- 2.4.1 of the site and the Works up to and including the date of issue of the Practical Completion Certificate; or
- 2.4.2 of each Section and the relevant part of the site up to and including the date of issue of the Section Completion Certificate for that Section and, in respect of any balance of the site, up to and including the date of issue of the Practical Completion Certificate

and, subject to clause 2.33 and section 8, the Employer shall not be entitled to take possession of any part or parts of the Works or Section until such date.

2.5 Deferment of possession

If the Contract Particulars state that clause 2.5 applies in respect of the Works or a Section, the Employer may defer the giving of possession of the site or relevant part of it for a period not exceeding 6 weeks or lesser period stated in the Contract Particulars, calculated from the relevant Date of Possession.

2.6 Early use by Employer

- 2.6.1 Notwithstanding clause 2.4, the Employer may, with the Contractor's consent, use or occupy the site or the Works or part of them, whether for storage or otherwise, before the date of issue of the Practical Completion Certificate or relevant Section Completion Certificate. Before the Contractor gives his consent to such use or occupation, the Party responsible for the Works Insurance Policy and/or, where there are Existing Structures, for any insurance cover relating to them shall notify the insurers and obtain confirmation that such use or occupation will not prejudice the insurance.
- 2.6.2 Where Insurance Option A applies and/or the Contractor is to cover his own or any other risks in relation to any Existing Structures and any insurers' confirmation is conditional on an additional premium being paid, the Contractor shall notify the Employer of its amount. If the Employer continues to require such use or occupation, any additional premium shall be added to the Contract Sum and the Contractor shall if requested produce the receipt for it to the Employer.

2.7 Work not forming part of the Contract

In regard to any work not forming part of this Contract which the Employer requires to be carried out by the Employer himself or by any Employer's Person:

- 2.7.1 where the Contract Documents provide the information necessary to enable the Contractor to carry out and complete the Works or each relevant Section in accordance with this Contract, the Contractor shall permit the execution of such work;
- 2.7.2 where the Contract Documents do not provide the information referred to in clause 2.7.1, the Employer may with the Contractor's consent arrange for the execution of that work.

Supply of Documents, Setting Out etc.

2.8 Contract Documents

- 2.8.1 The Contract Documents and (where Pricing Option B applies) the Contract Sum Analysis/Schedule of Rates shall remain in the custody of the Employer and shall be available at all reasonable times for inspection by the Contractor.
- 2.8.2 Immediately after the execution of this Contract the Architect/Contract Administrator, without charge to the Contractor, shall (unless previously provided or unless the BIM Protocol or other communications protocol requires otherwise) provide him with:
 - 2.8.2.1 one copy, certified on behalf of the Employer, of the Contract Documents;
 - 2.8.2.2 two further copies of the Contract Drawings; and
 - 2.8.2.3 two unpriced copies of the Specification/Work Schedules.

- 2.8.3 The Contractor shall keep on the site or accessible there to the Architect/Contract Administrator or his representative at all reasonable times copies of the Contract Documents, the Contractor's Design Documents and the further documents and information referred to in clauses 2.9 to 2.12.
- 2.8.4 None of the documents referred to in this clause 2.8 that are provided to the Contractor shall be used by him for any purpose other than this Contract, and (subject only to clause 2.8.5) the Employer, the Architect/Contract Administrator and the Quantity Surveyor shall not divulge or use except for the purposes of this Contract any of the rates or prices in the Priced Document.
- 2.8.5 Where the Employer is a Local or Public Authority or other body of the type mentioned in Supplemental Provision 7, his obligations of confidentiality shall be subject to that Supplemental Provision.

2.9 Construction information and Contractor's master programme

- 2.9.1 As soon as possible after the execution of this Contract, if not previously provided:
- 2.9.1.1 the Architect/Contract Administrator, without charge to the Contractor, shall provide him with any descriptive schedules or similar documents necessary for use in carrying out the Works (excluding any CDP Works), together with any pre-construction information required to be provided to the Contractor under regulation 4 of the CDM Regulations; and
- 2.9.1.2 the Contractor shall without charge provide the Architect/Contract Administrator with his master programme for the execution of the Works identifying the critical paths, where so required by the Contract Particulars, and providing any other details specified by the Contract Documents.
- 2.9.2 Within 14 days of any decision by the Architect/Contract Administrator under clause 2.28.1 or of agreement of any Pre-agreed Adjustment, the Contractor shall provide him with an amendment or revision of the master programme that takes account of that decision or agreement, with the details referred to in clause 2.9.1.2.
- 2.9.3 Nothing in the descriptive schedules or similar documents, or in the master programme or any amendment or revision of it, shall however impose any obligation beyond those imposed by the Contract Documents.
- 2.9.4 In relation to any CDP Works, the Contractor, in addition to complying with clause 2.2, shall as and when necessary from time to time and without charge provide the Architect/Contract Administrator with such Contractor's Design Documents as are reasonably necessary to explain or amplify the Contractor's Proposals, including:
- 2.9.4.1 such related calculations and information as may be requested; and
- 2.9.4.2 all levels and setting out dimensions which the Contractor prepares or uses for the purposes of carrying out and completing the Contractor's Designed Portion.
- 2.9.5 The Contractor's Design Documents to be provided pursuant to clause 2.9.4 shall be submitted to the Architect/Contract Administrator in accordance with the Design Submission Procedure and the Contractor shall not commence any work to which such a document relates before that procedure has been complied with.

2.10 Levels and setting out of the Works

The Architect/Contract Administrator shall determine any levels required for the execution of the Works and, subject to clause 2.9.4.2, shall provide the Contractor by way of accurately dimensioned drawings with such information as shall enable the Contractor to set out the Works. The Contractor shall be responsible for, and shall at no cost to the Employer amend, any errors arising from his own inaccurate setting out. With the Employer's consent, the Architect/Contract Administrator may instruct that such errors shall not be amended and an appropriate deduction may be made from the Contract Sum for those that are not required to be amended.

2.11 Information Release Schedule

Unless prevented by an act or default of the Contractor or any Contractor's Person, the Architect/Contract Administrator shall ensure that the information referred to in the Information Release Schedule is released at the time stated in that schedule. The Employer and the Contractor

may agree to vary any such time, such agreement not to be unreasonably withheld.

2.12 Further drawings, details and instructions

- 2.12.1 Where not included in the Information Release Schedule, the Architect/Contract Administrator shall from time to time, without charge to the Contractor, provide him with such further drawings or details as are reasonably necessary to explain and amplify the Contract Drawings and shall issue such instructions (including those for or in regard to the expenditure of Provisional Sums) as are necessary to enable the Contractor to carry out and complete the Works in accordance with this Contract.
- 2.12.2 The further drawings, details and instructions shall be provided or given at the time the Contractor reasonably requires them, having regard to the progress of the Works, or, if in the Architect/Contract Administrator's opinion practical completion of the Works or relevant Section is likely to be achieved before the relevant Completion Date, having regard to that Completion Date.
- 2.12.3 Where the Contractor has reason to believe that the Architect/Contract Administrator is not aware of the time by which the Contractor needs to receive such further drawings, details or instructions, he shall, so far as reasonably practicable, give such advance notice to the Architect/Contract Administrator as should enable the Architect/Contract Administrator to comply with that requirement.

Errors, Discrepancies and Divergences

2.13 Preparation of Employer's Requirements

Subject to clause 2.17, the Contractor shall not be responsible for the contents of the Employer's Requirements or for verifying the adequacy of any design contained within them.

2.14 CDP-related documents – errors and inadequacy

- 2.14.1 If an inadequacy is found in any design in the Employer's Requirements and the Contractor under clause 2.13 is not responsible for verifying its adequacy, then, if or to the extent that the inadequacy is not dealt with in the Contractor's Proposals, the Employer's Requirements shall be altered or modified accordingly and, subject to clause 2.17, that alteration or modification shall be treated as a Variation.
- 2.14.2 Any error in description or in quantity in the Contractor's Proposals or the CDP Analysis and any erroneous omission of items from them shall be corrected, but there shall be no addition to the Contract Sum in respect of that correction or in respect of any instruction requiring a Variation of work not comprised in the Contractor's Designed Portion that is necessitated by the error or its correction.

2.15 Notice of discrepancies etc.

If the Contractor becomes aware of any such error, omission or inadequacy as is referred to in clause 2.14 or any other discrepancy or divergence in or between any of the following, namely:

- 2.15.1 the Contract Drawings;
- 2.15.2 the Specification/Work Schedules;
- 2.15.3 any instruction issued by the Architect/Contract Administrator under these Conditions;
- 2.15.4 any drawings or documents issued by the Architect/Contract Administrator under any of clauses 2.9 to 2.12; and
- 2.15.5 (where applicable) the Contractor's Proposals and other Contractor's Design Documents,

he shall immediately give notice with appropriate details to the Architect/Contract Administrator, who shall issue instructions in that regard.

2.16 Discrepancies in CDP-related documents

- 2.16.1 Where the discrepancy or divergence to be notified under clause 2.15 is within or between the Contractor's Proposals and/or other Contractor's Design Documents, the Contractor shall send with his notice, or as soon thereafter as is reasonably practicable, a statement

setting out his proposed amendments to remove it. On receiving that statement, the Architect/Contract Administrator shall issue instructions and the Contractor shall comply with them but, to the extent that they relate to the removal of that discrepancy or divergence, there shall be no addition to the Contract Sum.

- 2.16.2 Where the discrepancy is within the Employer's Requirements (including any Variation of them) the Contractor's Proposals shall prevail (subject to compliance with Statutory Requirements), without any adjustment of the Contract Sum. Where the Contractor's Proposals do not deal with the discrepancy, the Contractor shall notify the Architect/Contract Administrator of his proposed amendment to deal with it and the Architect/Contract Administrator shall either agree the proposed amendment or decide how the discrepancy is to be dealt with; that agreement or decision shall be notified to the Contractor and treated as a Variation.

2.17 Divergences from Statutory Requirements

- 2.17.1 If the Contractor or Architect/Contract Administrator becomes aware of a divergence between the Statutory Requirements and a document referred to in clause 2.15, he shall immediately give the other notice specifying the divergence and, where it is between the Statutory Requirements and the Employer's Requirements, the Contractor's Proposals or other Contractor's Design Documents, the Contractor shall notify the Architect/Contract Administrator of his proposed amendment for removing it.
- 2.17.2 Within 7 days of becoming aware of such divergence (or, where applicable, within 14 days of receipt of the Contractor's proposed amendment), the Architect/Contract Administrator shall issue instructions in that regard, in relation to which:
- 2.17.2.1 if the divergence is between the Statutory Requirements and the Employer's Requirements or any document referred to in clause 2.15.5, the Contractor shall comply at no cost to the Employer unless after the Base Date there is a change in the Statutory Requirements which necessitates an alteration or modification to the Contractor's Designed Portion, in which event the instruction shall to that extent be treated as a Variation of the Employer's Requirements; and
- 2.17.2.2 in any other case, if and insofar as those instructions require the Works to be varied, they shall be treated as a Variation.
- 2.17.3 Provided the Contractor is not in breach of clause 2.17.1, the Contractor shall not be liable under this Contract if the Works (other than the CDP Works) do not comply with the Statutory Requirements to the extent that the non-compliance results from the Contractor having carried out work in accordance with the documents referred to in clauses 2.15.1 to 2.15.4.

2.18 Emergency compliance with Statutory Requirements

- 2.18.1 If in an emergency compliance with the Statutory Requirements necessitates the Contractor supplying materials and/or executing work before receiving instructions under clause 2.17.2, the Contractor shall supply such limited materials and execute such limited work as are reasonably necessary to secure immediate compliance.
- 2.18.2 The Contractor shall forthwith notify the Architect/Contract Administrator of the emergency and the steps that he is taking under clause 2.18.1.
- 2.18.3 Where the emergency arises from a divergence between the Statutory Requirements and any of the documents referred to in clauses 2.15.1 to 2.15.4, then, provided that the Contractor has complied with clause 2.18.2, the execution and supply of work and materials under clause 2.18.1 shall be treated as a Variation.

CDP Design Work

2.19 Design liabilities and limitation

Where there is a Contractor's Designed Portion:

- 2.19.1 insofar as its design is comprised in the Contractor's Proposals and in what he is to complete in accordance with the Employer's Requirements and these Conditions (including any further design that he is required to carry out as a result of a Variation), the Contractor shall in respect of any inadequacy in such design have the same liability to the Employer,

whether under statute or otherwise, as would an architect or other appropriate professional designer who holds himself out as competent to take on work for such design and who, acting independently under a separate contract with the Employer, has supplied such design for or in connection with works to be carried out and completed by a building contractor who is not the supplier of the design;

- 2.19.2 where and to the extent that this Contract involves the Contractor in taking on work for or in connection with the provision of a dwelling or dwellings, the clause 2.19.1 reference to the Contractor's liability includes liability under the Defective Premises Act 1972;
- 2.19.3 where or to the extent that this Contract does not involve the Contractor in taking on work for or in connection with the provision of a dwelling or dwellings to which that Act applies, the Contractor's liability for loss of use, loss of profit or other consequential loss arising in respect of the liability of the Contractor referred to in clause 2.19.1 shall be limited to the amount, if any, stated in the Contract Particulars; but such a limitation shall not apply to or be affected by any liability for liquidated damages under clause 2.32.

2.20 Errors and failures – other consequences

No extension of time shall be given, and clauses 4.20 and 8.9.2 shall not have effect, insofar as the cause of the progress of the Works being delayed, affected or suspended is:

- 2.20.1 an error, divergence, omission or discrepancy in the Contractor's Proposals or other Contractor's Design Documents, or a failure of the Contractor, in completing those documents, to comply with clause 2.2.3; or
- 2.20.2 a failure by the Contractor to provide in due time any necessary Contractor's Design Documents or information either:
- 2.20.2.1 as required by clause 2.9.5; or
- 2.20.2.2 in response to a request from the Architect/Contract Administrator that specifies the documents or information and date by which it is reasonably necessary for him to receive them, having regard to the progress of the Works (or, where practical completion of the Works or Section is likely to be achieved before the relevant Completion Date, having regard to that Completion Date).

Fees, Royalties and Patent Rights

2.21 Fees or charges legally demandable

The Contractor shall pay all fees or charges (including any rates or taxes) legally demandable under any Statutory Requirement and indemnify the Employer against any liability resulting from any failure to do so. Where such fees or charges are stated by way of a Provisional Sum in the Specification/Work Schedules they shall be dealt with in accordance with clauses 4.3.4 and 4.3.5 and in any other case the amount of any such fees or charges (including any rates or taxes other than VAT) shall be added to the Contract Sum unless they:

- 2.21.1 are stated in the Specification/Work Schedules to be included in the Contract Sum; or
- 2.21.2 relate solely to the Contractor's Designed Portion (in which case they shall be deemed to be included in the Contract Sum).

2.22 Patent rights and royalties – Contractor's indemnity

Where the carrying out of the Works as described by or referred to in the Specification/Work Schedules or the Employer's Requirements or any Variation Quotation of which there is Confirmed Acceptance involves the supply or use of any patented article, process or other invention, all royalties or other sums payable in respect of such supply and use shall be deemed to have been included in the Contract Sum or, where appropriate, the quoted adjustment to that sum, and the Contractor shall indemnify the Employer from and against all claims and proceedings which may be brought or made against the Employer, and all damages, costs and expense to which he may be put, by reason of the Contractor infringing or being held to have infringed any patent rights in relation to any such articles, processes or inventions.

2.23 Patent rights – Instructions

- 2.23.1 Where in order to comply with the Architect/Contract Administrator's instructions, other than

in relation to a Variation Quotation of which there is Confirmed Acceptance, it is necessary for the Contractor in carrying out the Works to supply and/or use any patented article, process or other invention, the Contractor shall not be liable in respect of any infringement or alleged infringement of any patent rights relating to it and all royalties, damages or other sums which the Contractor may be liable to pay to the persons entitled to such rights shall be added to the Contract Sum.

- 2.23.2 If prior to the instructions being carried out the Architect/Contract Administrator or the Contractor is or becomes aware that such supply or use may infringe any patent rights, he shall promptly notify and consult the other and the instructions shall not take effect unless confirmed by the Architect/Contract Administrator.

Unfixed Materials and Goods – property, risk etc.

2.24 Materials and goods – on site

Site Materials shall not be removed from storage on or adjacent to the Works except for use on the Works without the Architect/Contract Administrator's consent. Where their value has in accordance with clauses 4.9 and 4.14 been included in any Interim Certificate under which the amount properly due to the Contractor has been paid by the Employer, they shall upon such payment become the Employer's property, but, subject to Insurance Option B or C (if applicable), the Contractor shall remain responsible for loss or damage to them.

2.25 Materials and goods – off site

Where the value of any Listed Items has in accordance with clause 4.16 been included in any Interim Certificate under which the amount properly due to the Contractor has been paid by the Employer, those items shall become the Employer's property and thereafter the Contractor shall not, except for use upon the Works, remove or cause or permit them to be moved or removed from the premises where they are. The Contractor shall be responsible for any loss of or damage to them and for the cost of their storage, handling and insurance until they are delivered to and placed on or adjacent to the Works. As from such delivery the provisions of clause 2.24 (except the words "Where their value" to "Employer's property, but,") shall apply to such items.

Adjustment of Completion Date

2.26 Related definitions and interpretation

In clauses 2.27 to 2.29 and, so far as relevant, in the other clauses of these Conditions:

- 2.26.1 any reference to delay or extension of time includes any further delay or further extension of time;
- 2.26.2 'Pre-agreed Adjustment' means the fixing of a revised Completion Date for the Works or a Section by the Confirmed Acceptance of a Variation Quotation or an Acceleration Quotation;
- 2.26.3 'Relevant Omission' means the omission of any work or obligation through an instruction for a Variation under clause 3.14.

2.27 Notice by Contractor of delay to progress

- 2.27.1 If and whenever it becomes reasonably apparent that the progress of the Works or any Section is being or is likely to be delayed the Contractor shall forthwith give notice to the Architect/Contract Administrator of the material circumstances, including the cause or causes of the delay, and shall identify in the notice any event which in his opinion is a Relevant Event.
- 2.27.2 In respect of each event identified in the notice the Contractor shall, if practicable in such notice or otherwise in writing as soon as possible thereafter, give particulars of its expected effects, including an estimate of any expected delay in the completion of the Works or any Section beyond the relevant Completion Date.
- 2.27.3 The Contractor shall forthwith notify the Architect/Contract Administrator of any material change in the estimated delay or in any other particulars and supply such further information as the Architect/Contract Administrator may at any time reasonably require.

2.28 Fixing Completion Date

- 2.28.1 If, in the Architect/Contract Administrator's opinion, on receiving a notice and particulars under clause 2.27:
- 2.28.1.1 any of the events which are stated to be a cause of delay is a Relevant Event; and
- 2.28.1.2 completion of the Works or of any Section is likely to be delayed thereby beyond the relevant Completion Date,
- then, save where these Conditions expressly provide otherwise, the Architect/Contract Administrator shall give an extension of time by fixing such later date as the Completion Date for the Works or Section as he then estimates to be fair and reasonable.
- 2.28.2 Whether or not an extension is given, the Architect/Contract Administrator shall notify the Contractor of his decision in respect of any notice under clause 2.27 as soon as is reasonably practicable and in any event within 12 weeks of receipt of the required particulars. Where the period from receipt to the Completion Date is less than 12 weeks, he shall endeavour to do so prior to the Completion Date.
- 2.28.3 The Architect/Contract Administrator shall in his decision state:
- 2.28.3.1 the extension of time that he has attributed to each Relevant Event; and
- 2.28.3.2 (in the case of a decision under clause 2.28.4 or 2.28.5) the reduction in time that he has attributed to each Relevant Omission.
- 2.28.4 After the first fixing of a later Completion Date in respect of the Works or a Section, either under clause 2.28.1 or by a Pre-agreed Adjustment, but subject to clauses 2.28.6.3 and 2.28.6.4, the Architect/Contract Administrator may by notice to the Contractor, giving the details referred to in clause 2.28.3, fix a Completion Date for the Works or that Section earlier than that previously so fixed if in his opinion the fixing of such earlier Completion Date is fair and reasonable, having regard to any Relevant Omissions for which instructions have been issued after the last occasion on which a new Completion Date was fixed for the Works or for that Section.
- 2.28.5 After the Completion Date for the Works or for a Section, if this occurs before the date of practical completion, the Architect/Contract Administrator may, and not later than the expiry of 12 weeks after the date of practical completion shall, by notice to the Contractor, giving the details referred to in clause 2.28.3:
- 2.28.5.1 fix a Completion Date for the Works or for the Section later than that previously fixed if in his opinion that is fair and reasonable having regard to any Relevant Events, whether on reviewing a previous decision or otherwise and whether or not the Relevant Event has been specifically notified by the Contractor under clause 2.27.1; or
- 2.28.5.2 subject to clauses 2.28.6.3 and 2.28.6.4, fix a Completion Date earlier than that previously fixed if in his opinion that is fair and reasonable having regard to any instructions for Relevant Omissions issued after the last occasion on which a new Completion Date was fixed for the Works or Section; or
- 2.28.5.3 confirm the Completion Date previously fixed.
- 2.28.6 Provided always that:
- 2.28.6.1 the Contractor shall constantly use his best endeavours to prevent delay in the progress of the Works or any Section, however caused, and to prevent the completion of the Works or Section being delayed or further delayed beyond the relevant Completion Date;
- 2.28.6.2 in the event of any delay the Contractor shall do all that may reasonably be required to the satisfaction of the Architect/Contract Administrator to proceed with the Works or Section;
- 2.28.6.3 no decision of the Architect/Contract Administrator under clause 2.28.4 or 2.28.5.2 shall fix a Completion Date for the Works or any Section earlier than the relevant Date for Completion; and

- 2.28.6.4 no decision under clause 2.28.4 or 2.28.5.2 shall alter the length of any Pre-agreed Adjustment except in the case of a Variation Quotation where the relevant Variation is itself the subject of a Relevant Omission.

- 2.29.14 force majeure.

Practical Completion, Lateness and Liquidated Damages

2.30 Practical completion and certificates

When in the Architect/Contract Administrator's opinion practical completion of the Works or a Section is achieved and the Contractor has complied sufficiently with clauses 2.40 and 3.23 in respect of the supply of documents and information, then:

- 2.30.1 in the case of the Works, the Architect/Contract Administrator shall forthwith issue a certificate to that effect ('the Practical Completion Certificate');

2.30.2 in the case of a Section, he shall forthwith issue a certificate of practical completion of that Section (a 'Section Completion Certificate');

and practical completion of the Works or the Section shall be deemed for all the purposes of this Contract to have taken place on the date stated in that certificate.

2.31 Non-Completion Certificates

If the Contractor fails to complete the Works or a Section by the relevant Completion Date, the Architect/Contract Administrator shall issue a certificate to that effect (a 'Non-Completion Certificate'). If a new Completion Date is fixed after the issue of such a certificate, such fixing shall cancel that certificate and the Architect/Contract Administrator shall where necessary issue a further certificate.

2.32 Payment or allowance of liquidated damages

2.32.1 Provided:

2.32.1.1 the Architect/Contract Administrator has issued a Non-Completion Certificate for the Works or a Section; and

2.32.1.2 the Employer has notified the Contractor before the date of the Final Certificate that he may require payment of, or may withhold or deduct, liquidated damages,

the Employer may, not later than 5 days before the final date for payment of the amount payable under clause 4.26, give notice to the Contractor in the terms set out in clause 2.32.2.

2.32.2 A notice from the Employer under clause 2.32.1 shall state that for the period between the Completion Date and the date of practical completion of the Works or that Section:

2.32.2.1 he requires the Contractor to pay liquidated damages at the rate stated in the Contract Particulars, or lesser rate stated in the notice, in which event the Employer may recover the same as a debt; and/or

2.32.2.2 that he will withhold or deduct liquidated damages at the rate stated in the Contract Particulars, or at such lesser stated rate, from sums due to the Contractor.^[38]

2.32.3 If the Architect/Contract Administrator fixes a later Completion Date for the Works or a Section or such later Completion Date is stated in a Confirmed Acceptance, the Employer shall pay or repay to the Contractor any amounts recovered, allowed or paid under clause 2.32 for the period up to that later Completion Date.

2.32.4 If the Employer in relation to the Works or a Section has notified the Contractor in accordance with clause 2.32.1.2 that he may require payment of, or may withhold or deduct, liquidated damages, then, unless the Employer states otherwise in writing, clause 2.32.1.2 shall remain satisfied in relation to the Works or Section, notwithstanding the cancellation of the relevant Non-Completion Certificate and issue of any further Non-Completion Certificate.

Partial Possession by Employer

2.33 Contractor's consent

If at any time or times before the date of issue by the Architect/Contract Administrator of the Practical Completion Certificate or relevant Section Completion Certificate the Employer wishes to take possession of any part or parts of the Works or a Section and the Contractor's consent has been obtained, then, notwithstanding anything expressed or implied elsewhere in this Contract, the Employer may take possession of such part or parts. The Architect/Contract Administrator shall thereupon give the Contractor notice on behalf of the Employer identifying the part or parts taken into possession and giving the date when the Employer took possession ('the Relevant Part' and 'the Relevant Date' respectively).

[38] In addition to the notice under clause 2.32.2, the Employer, if he intends to withhold or deduct all or any of the liquidated damages payable, must give the appropriate Pay Less Notice under clause 4.11.5.

2.34 Practical completion date

For the purposes of clauses 2.38 and 4.19.2, practical completion of the Relevant Part shall be deemed to have occurred, and the Rectification Period in respect of the Relevant Part shall be deemed to have commenced, on the Relevant Date.

2.35 Defects etc. – Relevant Part

When in the Architect/Contract Administrator's opinion any defects, shrinkages or other faults in the Relevant Part which he has required to be made good under clause 2.38 have been made good, he shall issue a certificate to that effect.

2.36 Insurance – Relevant Part

As from the Relevant Date the Works insurance obligation under Insurance Option A, B or C.2, whichever applies, shall cease in respect of the Relevant Part (but not otherwise) and the Existing Structures (if any) shall from that date be deemed to include the Relevant Part.

2.37 Liquidated damages – Relevant Part

As from the Relevant Date, the rate of liquidated damages stated in the Contract Particulars in respect of the Works or Section containing the Relevant Part shall reduce by the same proportion as the value of the Relevant Part bears to the Contract Sum or to the relevant Section Sum, as shown in the Contract Particulars.

Defects

2.38 Schedules of defects and instructions

If any defects, shrinkages or other faults in the Works or a Section appear within the relevant Rectification Period due to materials, goods or workmanship not in accordance with this Contract or any failure of the Contractor to comply with his obligations in respect of the Contractor's Designed Portion:

2.38.1 such defects, shrinkages and other faults shall be specified by the Architect/Contract Administrator in a schedule of defects which he shall deliver to the Contractor as an instruction not later than 14 days after the expiry of that Rectification Period; and

2.38.2 prior to issue of that schedule, the Architect/Contract Administrator may whenever he considers it necessary issue instructions requiring any such defect, shrinkage or other fault to be made good, provided no instructions under this clause 2.38.2 shall be issued after delivery of that schedule or more than 14 days after the expiry of the relevant Rectification Period.

Within a reasonable time after receipt of such schedule or instructions, the defects, shrinkages and other faults shall at no cost to the Employer be made good by the Contractor unless the Architect/Contract Administrator with the Employer's consent instructs otherwise. If he so instructs otherwise, an appropriate deduction may be made from the Contract Sum in respect of the defects, shrinkages or other faults not made good.

2.39 Certificate of Making Good

When in the Architect/Contract Administrator's opinion the defects, shrinkages or other faults in the Works or a Section which under clause 2.38 he has required to be made good have been made good, he shall issue a certificate to that effect (a 'Certificate of Making Good'), and completion of that making good shall for the purposes of this Contract be deemed to have taken place on the date stated in that certificate.

Contractor's Design Documents

2.40 As-built Drawings

Where there is a Contractor's Designed Portion, the Contractor, in addition to his obligations under the CDM Regulations in relation to information for the health and safety file, shall, before practical completion of the Works or relevant Section and without further charge to the Employer, supply for retention and use by the Employer such Contractor's Design Documents and related information as is specified in the Contract Documents or as the Employer may reasonably require that show or

describe the Contractor's Designed Portion as built or relate to the maintenance and operation of it or its installations.

2.41 Copyright and use

- 2.41.1 Subject to any rights in any designs, drawings and other documents supplied to the Contractor for the purposes of this Contract by or on behalf of the Employer or the Architect/Contract Administrator, all rights including (without limitation) copyright in all Contractor's Design Documents shall remain vested in the Contractor.
- 2.41.2 Subject to all sums due and payable under this Contract to the Contractor having been paid, the Employer shall have an irrevocable, royalty-free, non-exclusive licence to copy and use the Contractor's Design Documents and to reproduce the designs and content of them for any purpose relating to the Works including, without limitation, the construction, completion, maintenance, letting, sale, promotion, advertisement, reinstatement, refurbishment and repair of the Works. That licence shall enable the Employer to copy and use the Contractor's Design Documents for an extension of the Works but shall not include any right or licence to reproduce the designs contained in them for any such extension.
- 2.41.3 The licence shall be assignable to any owner from time to time of the Works or any part of them and may be sub-licensed to any owner or tenant of the Works or part of them and to any person engaged for the purposes permitted by clause 2.41.2.
- 2.41.4 The Contractor shall not be liable for any use by the Employer of any of the Contractor's Design Documents for any purpose other than that for which they were prepared.

Section 3 Control of the Works

Access and Representatives

3.1 Access for Architect/Contract Administrator

The Architect/Contract Administrator and any person authorised by him shall at all reasonable times have access to the Works and to the workshops or other premises of the Contractor where work is being prepared for this Contract. When work is to be prepared in workshops or other premises of a sub-contractor the Contractor shall by a term in the sub-contract secure so far as possible a similar right of access to those workshops or premises for the Architect/Contract Administrator and any person authorised by him and take any steps reasonably necessary to make that right effective. Access under this clause 3.1 may be subject to such reasonable restrictions as are necessary to protect proprietary rights.

3.2 Site Manager

The Contractor shall prior to the commencement of work on site appoint a full-time Site Manager, approved by the Employer, to act as the Contractor's representative there, in charge of the Works. The Contractor shall ensure that the appointee, or a competent deputy, is on site at all material times and, if the appointee ceases to hold the post, shall promptly appoint a replacement approved by the Employer. Any instructions issued to the Site Manager or his deputy shall be treated as issued to the Contractor.

3.3 Employer's representative

The Employer may appoint an individual to act as his representative by giving notice to the Contractor that from the date stated the individual identified in the notice will exercise all the functions ascribed to the Employer in these Conditions, subject to any exceptions stated in the notice. The Employer may by notice to the Contractor terminate any such appointment and/or appoint a replacement.^[39]

3.4 Clerk of works

The Employer shall be entitled to appoint a clerk of works whose duty shall solely be to act as inspector on behalf of the Employer under the Architect/Contract Administrator's directions and the Contractor shall afford every reasonable facility for the performance of that duty. Any direction given by the clerk of works shall be of no effect unless it relates to a matter on which these Conditions expressly empower the Architect/Contract Administrator to issue instructions and unless the latter confirms it by an instruction within 2 Business Days of the direction being given.

3.5 Replacement of Architect/Contract Administrator or Quantity Surveyor

3.5.1 If the Architect/Contract Administrator or Quantity Surveyor (or any person exercising the Quantity Surveyor's functions) at any time ceases to hold that post, the Employer shall as soon as reasonably practicable, and in any event within 21 days of the cessation, nominate a replacement and notify the Contractor. Except where the Employer is a Local or Public Authority and the nominated replacement is an official of it, the Contractor may within 7 days of the notice give a counter-notice objecting to that nomination; if the Contractor's objections are accepted by the Employer or considered sufficient by a person appointed under the dispute resolution procedures of this Contract, the Employer shall withdraw the nomination and nominate an acceptable replacement.

3.5.2 No replacement Architect/Contract Administrator appointed for this Contract shall be entitled to disregard or overrule any certificate, opinion, decision, consent, approval or instruction given or expressed by any predecessor in that post, save to the extent that that predecessor if still in the post would then have had power under this Contract to do so.

[39] To avoid confusion between the roles of the Architect/Contract Administrator and the Quantity Surveyor on the one hand and that of the Employer's representative on the other, neither the Architect/Contract Administrator nor the Quantity Surveyor should be appointed as the Employer's representative.

3.6 Contractor's responsibility

Irrespective of the Architect/Contract Administrator's obligations to the Employer and any appointment of a clerk of works, the Contractor shall remain wholly responsible for carrying out and completing the Works in all respects in accordance with these Conditions. That responsibility shall not be affected by the Architect/Contract Administrator or clerk of works at any time inspecting the Works, any workshop or other premises or any work in preparation there, by the inclusion of the value of any work, materials or goods in a Payment Certificate, subject to clause 1.9, or by the issue of any other certificate under this Contract.

Sub-Contracting

3.7 Consent to sub-contracting

3.7.1 Save for any sub-contract entered into in accordance with clause 3.8 or Supplemental Provision 9, where it applies:

3.7.1.1 the Contractor shall not without the Architect/Contract Administrator's consent sub-contract the whole or any part of the Works;

3.7.1.2 where there is a Contractor's Designed Portion, the Contractor shall not without the Employer's consent sub-contract that design or any part of it.

In no case shall any such consent or any sub-contracting in any way affect the Contractor's obligations under any other provision of this Contract.

3.7.2 The provisions of this clause 3.7 and of clauses 3.8 and 3.9 shall not apply to the execution of part of the Works by a Statutory Undertaker, who shall not in that capacity be a sub-contractor within the terms of this Contract.

3.8 List in Specification/Work Schedules

Where the Specification/Work Schedules provide that particular work described therein for pricing by the Contractor is to be carried out by one of the persons identified in a list in or annexed to that document, the selection of his sub-contractor from that list shall be made by the Contractor at his sole discretion. In relation to the list, the following provisions shall apply:

3.8.1 the list shall comprise not less than three persons; the Employer (or the Architect/Contract Administrator on his behalf) and the Contractor may each with the other's consent add persons to the list at any time prior to execution of the sub-contract for the work;^[40]

3.8.2 if at any time prior to execution of the sub-contract there are less than three persons listed who are able and willing to carry out the work, then, unless there is agreement to add to the list so that it comprises three or more such persons, the work shall be carried out by the Contractor who may with consent under clause 3.7 sub-contract to any sub-contractor.

3.9 Conditions of sub-contracting

Where considered appropriate, the Contractor shall engage the sub-contractor using the relevant version of the JCT Standard Building Sub-Contract. It shall be a condition of any sub-contract that^[41]:

3.9.1 the sub-contractor's employment under the sub-contract shall terminate immediately upon the termination (for any reason) of the Contractor's employment under this Contract;

3.9.2 the sub-contract shall provide:

3.9.2.1 that, except for use on the Works, no Site Materials delivered to the Works by or for the sub-contractor shall be removed without the Contractor's written consent (such consent not to be unreasonably delayed or withheld) and (in addition to any provision for earlier vesting in the Contractor of title to any Listed Items for the purposes of clause 4.16.2.1 of these Conditions) that:

3.9.2.1.1 where, in accordance with clauses 4.9 and 4.14 of these Conditions,

[40] Any such addition should be confirmed in writing.

[41] The JCT Standard Building Sub-Contracts (SBCSub and SBCSub/D) meet the requirements of clause 3.9 and also those of paragraphs A.3 and B.4 respectively of JCT Fluctuations Options A and B.

the value of any Site Materials has been included in any Interim Certificate under which the amount properly due to the Contractor has been paid to him, they shall upon such payment become, and the sub-contractor shall not deny that they have become, the Employer's property;

- 3.9.2.1.2 if the Contractor pays the sub-contractor for any Site Materials before their value is included in an Interim Certificate, they shall upon such payment become the Contractor's property;
- 3.9.2.2 that the sub-contractor shall give access to workshops or other premises in accordance with clause 3.1 of these Conditions;
- 3.9.2.3 that each party to the sub-contract shall in relation to the Works and the site comply with applicable CDM Regulations;
- 3.9.2.4 in terms equivalent to those of clause 4.11.6 of these Conditions, that if by a final date for payment under the sub-contract the Contractor fails to pay the sub-contractor any amount that should properly have been paid, the Contractor shall, in addition to that amount, pay simple interest on it at the Interest Rate for the period from the final date for payment until such payment is made;
- 3.9.2.5 that where the Rights Particulars provide for the grant of third party rights from and/or for the execution and delivery of collateral warranties by the sub-contractor:
 - 3.9.2.5.1 the sub-contract and, where applicable, those collateral warranties shall if those particulars require be executed as deeds;
 - 3.9.2.5.2 any third party rights required shall vest on receipt of notice from the Contractor to that effect and any collateral warranty required shall be executed and delivered by the sub-contractor within 14 days of receipt of the Contractor's notice requiring execution;
 - 3.9.2.5.3 the terms of and those governing such third party rights or collateral warranties shall in each case be consistent with those of clauses 2.26 and 2.27 and Schedule 6 of the JCT Standard Building Sub-Contract Conditions;
- 3.9.3 where documents or information and/or the grant of licences are or may be required from the sub-contractor for the BIM Protocol, where applicable, and/or for the purposes of clauses 2.40 and 3.23 of these Conditions, the sub-contract shall also provide for the supply and grant to and by the sub-contractor of all information and licences reasonably necessary for that purpose.

The Contractor shall not give such consent as is referred to in clause 3.9.2.1 without the Architect/Contract Administrator's prior consent under clause 2.24 of these Conditions.

Architect/Contract Administrator's Instructions

3.10 Compliance with instructions

The Contractor shall forthwith comply with all instructions issued to him by the Architect/Contract Administrator on any matter on which these Conditions expressly empower the Architect/Contract Administrator to issue instructions, save that:

- 3.10.1 where an instruction requires a Variation of the type referred to in clause 5.1.2, the Contractor need not comply to the extent that he notifies a reasonable objection to it to the Architect/Contract Administrator;
- 3.10.2 where an instruction for a Variation is given which under clause 5.3.1 requires the Contractor to provide a Variation Quotation, the Variation shall not be carried out until the Architect/Contract Administrator has in relation to it issued either a Confirmed Acceptance or a further instruction under clause 5.3.2;
- 3.10.3 if the Contractor considers that compliance with any direction under clause 2.2.2 or any instruction would adversely affect the efficacy of the design of the Contractor's Designed Portion or his compliance with applicable CDM Regulations and if within 7 days of receipt

of the direction or instruction he gives notice to the Architect/Contract Administrator specifying that adverse effect, the direction or instruction shall not take effect unless and until confirmed by the Architect/Contract Administrator;

3.10.4 in the case of a notification by the Contractor under clause 2.23.2, the Contractor need not comply pending confirmation of the instruction;

3.10.5 in the case of a notification under Supplemental Provision 9, paragraph 9.4, the Contractor need not comply pending further instructions under that paragraph.

3.11 Non-compliance with instructions

Subject to clause 3.10, if within 7 days after receipt of a notice from the Architect/Contract Administrator requiring compliance with an instruction the Contractor does not comply, the Employer may employ and pay other persons to execute work of any kind that may be necessary to give effect to that instruction. The Contractor shall be liable for all additional costs incurred by the Employer in connection with such employment and an appropriate deduction may be made from the Contract Sum.

3.12 Instructions other than in writing

3.12.1 Where the Architect/Contract Administrator gives an instruction otherwise than in writing, it shall be of no immediate effect but the Contractor shall confirm its terms in writing to the Architect/Contract Administrator within 7 days, and, if he does not dissent by notice to the Contractor within 7 days from receipt of the Contractor's confirmation, it shall take effect as from the expiry of the latter 7 day period.

3.12.2 If prior to or within 7 days from receipt of the Contractor's confirmation the Architect/Contract Administrator confirms the terms of the instruction in writing, it shall take effect from the date and in the terms of the Architect/Contract Administrator's confirmation.

3.12.3 If neither the Contractor nor the Architect/Contract Administrator confirms such an instruction in the manner and time stated but the Contractor nevertheless complies with it, the Architect/Contract Administrator may at any time prior to the issue of the Final Certificate confirm it with retrospective effect.

3.13 Provisions empowering instructions

On receipt of an instruction the Contractor may request the Architect/Contract Administrator to notify him which provision of these Conditions empowers its issue and the Architect/Contract Administrator shall forthwith comply with the request. If the Contractor thereafter complies with that instruction with neither Party then having invoked any dispute resolution procedure under this Contract to establish the Architect/Contract Administrator's powers in that regard, the instruction shall be deemed to have been duly given under the specified provision.

3.14 Instructions requiring Variations

3.14.1 The Architect/Contract Administrator may issue instructions requiring a Variation.

3.14.2 Any instruction of the type referred to in clause 5.1.2 shall be subject to the Contractor's right of reasonable objection set out in clause 3.10.1.

3.14.3 In respect of the Contractor's Designed Portion, any instruction requiring a Variation shall be an alteration to or modification of the Employer's Requirements.

3.14.4 The Architect/Contract Administrator may sanction in writing any Variation made by the Contractor otherwise than pursuant to an instruction.

3.14.5 No Variation required or sanctioned by the Architect/Contract Administrator shall vitiate this Contract.

3.15 Postponement of work

The Architect/Contract Administrator may issue instructions in regard to the postponement of any work to be executed under this Contract.

3.16 Instructions on Provisional Sums

The Architect/Contract Administrator shall issue instructions in regard to the expenditure of Provisional Sums included in the Specification/Work Schedules or in the Employer's Requirements.

3.17 Inspection – tests

The Architect/Contract Administrator may issue instructions requiring the Contractor to open up for inspection any work covered up or to arrange for or carry out any test of any materials or goods (whether or not already incorporated in the Works) or of any executed work. The cost of that opening up or testing (including the cost of making good) shall be added to the Contract Sum unless provided for in the Specification/Work Schedules or unless the inspection or test shows that the materials, goods or work are not in accordance with this Contract.

3.18 Work not in accordance with the Contract

If any work, materials or goods are not in accordance with this Contract the Architect/Contract Administrator, in addition to his other powers, may:

- 3.18.1 issue instructions in regard to the removal from the site of all or any of such work, materials or goods;
- 3.18.2 after consultation with the Contractor and with the Employer's consent, allow all or any such work, materials or goods to remain, in which event he shall notify the Contractor to that effect but that shall not be construed as a Variation and an appropriate deduction may be made from the Contract Sum;
- 3.18.3 after consultation with the Contractor, issue such Variation instructions as are a reasonably necessary consequence of any instruction under clause 3.18.1 and/or notification under clause 3.18.2 (but to the extent that such instructions are reasonably necessary, no addition shall be made to the Contract Sum and no extension of time shall be given); and/or
- 3.18.4 having due regard to the Code of Practice set out in Schedule 4, issue such instructions under clause 3.17 to open up for inspection or to test as are reasonable in all the circumstances to establish to his reasonable satisfaction the likelihood or extent, as appropriate to the circumstances, of any further similar non-compliance. To the extent that those instructions are reasonable, whatever the results of the opening up, no addition shall be made to the Contract Sum but clauses 2.28 and 2.29.2.2 shall apply unless the inspection or test shows that the work, materials or goods are not in accordance with this Contract.

3.19 Workmanship not in accordance with the Contract

Where there is any failure to comply with clause 2.1 in regard to the carrying out of work in a proper and workmanlike manner or in accordance with the Construction Phase Plan, the Architect/Contract Administrator, in addition to his other powers, may, after consultation with the Contractor, issue such instructions (whether requiring a Variation or otherwise) as are in consequence reasonably necessary. To the extent that such instructions are reasonably necessary, no addition shall be made to the Contract Sum and no extension of time shall be given.

3.20 Executed work

In respect of any materials, goods or workmanship, as comprised in executed work, which under clause 2.3 are to be to his reasonable satisfaction, the Architect/Contract Administrator, if he is dissatisfied, shall give the reasons for such dissatisfaction to the Contractor within a reasonable time from the execution of the unsatisfactory work.

3.21 Exclusion of persons from the Works

The Architect/Contract Administrator may (but shall not unreasonably or vexatiously) issue instructions requiring the exclusion from the site of any person employed thereon.

3.22 Antiquities

- 3.22.1 All fossils, antiquities and other objects of interest or value which may be found on the site or in excavating it during the progress of the Works shall become the Employer's property. Upon discovery of any such object the Contractor shall forthwith:
 - 3.22.1.1 use his best endeavours not to disturb the object and cease work if and insofar as its continuance would endanger the object or prevent or impede its excavation or removal;
 - 3.22.1.2 take all steps necessary to preserve the object in the exact position and

condition in which it was found; and

3.22.1.3 inform the Architect/Contract Administrator or the clerk of works of its discovery and precise location.

3.22.2 The Architect/Contract Administrator shall issue instructions as to action to be taken concerning any object reported under clause 3.22.1, which (without limiting his powers) may require the Contractor to permit the examination, excavation or removal of the object by a third party.

CDM Regulations

3.23 CDM Regulations

Each Party undertakes to the other that in relation to the Works and site he will duly comply with applicable CDM Regulations. In particular but without limitation:

- 3.23.1 the Employer shall ensure that the Principal Designer carries out his duties and, where the Contractor is not the Principal Contractor, shall ensure that the Principal Contractor carries out his duties under those regulations;
- 3.23.2 whether or not clause 2.2.3 applies, the Contractor shall comply with regulations 8 and 15 and, where he is the Principal Contractor, with regulations 12 to 14;^[42]
- 3.23.3 whether or not the Contractor is the Principal Contractor, compliance by the Contractor with his duties under the regulations, including any such directions as are referred to in regulation 15(3), shall be at no cost to the Employer and shall not entitle the Contractor to an extension of time;
- 3.23.4 if the Employer appoints a replacement for the Principal Designer or Principal Contractor, the Employer shall immediately upon that appointment notify the Contractor with details of the new appointee.

[42] Where the Employer is a domestic client, as defined in regulation 2, the Principal Contractor may also be responsible for carrying out certain of the client's duties under regulations 4, 6 and 8. (As to the CDM Regulations generally, see the Standard Building Contract Guide.)

Section 4 Payment

Contract Sum and Adjustments

4.1 Work included in Contract Sum

The quality and quantity of the work included in the Contract Sum shall, save insofar as quantities are given in the Specification or Work Schedules, be that set out in the Contract Documents taken together, provided that if there is any inconsistency between work as stated or shown on the Contract Drawings and any description of that work in the Specification or Work Schedules, the Contract Drawings shall prevail. Where quantities are given for any items in the Specification or Work Schedules, the quality and quantity of the work included in the Contract Sum for those items shall be that set out in the Specification or Work Schedules.

4.2 Adjustment only under the Conditions

The Contract Sum shall not be adjusted or altered in any way other than in accordance with the express provisions of these Conditions and, subject to clause 2.14, any error in the computation of the Contract Sum is accepted by the Parties.

4.3 Items included in adjustments

The Contract Sum shall be adjusted by:

- 4.3.1 any amount agreed by the Employer and the Contractor in respect of Variations and other work of the types referred to in clause 5.2, whether by Confirmed Acceptance of a Variation Quotation or otherwise, and the amount of each Valuation;
- 4.3.2 any amount agreed by Confirmed Acceptance of an Acceleration Quotation;
- 4.3.3 (where the Contract Particulars state that a Fluctuations Provision applies) any amounts payable or allowable under that provision;
- 4.3.4 any other amounts referred to in clause 4.14.2 (excluding any loss and/or expense to the extent included under clause 4.3.1 or 4.3.2) and any other deductions referred to in clause 4.14.3;
- 4.3.5 the deduction of all Provisional Sums and the value of any work described as provisional in the Contract Documents; and
- 4.3.6 any other amount which under this Contract is to be added to the Contract Sum or may be deducted from it.

4.4 Taking adjustments into account

Where these Conditions provide that an amount is to be added to, deducted from or dealt with by adjustment of the Contract Sum, then, as soon as the amount is ascertained in whole or in part, the ascertained amount shall be taken into account in the next Interim Certificate.

Taxes

4.5 VAT

- 4.5.1 The Contract Sum is exclusive of VAT and in relation to each payment to the Contractor under this Contract, the Employer shall in addition pay the amount of any VAT properly chargeable in respect of it.
- 4.5.2 If after the Base Date the supply of any goods or services to the Employer becomes exempt from VAT there shall be paid to the Contractor an amount equal to the input tax on the supply to the Contractor of goods and services that contribute to the Works which as a consequence of that exemption the Contractor cannot recover.

4.6 Construction Industry Scheme (CIS)

If the Employer is or at any time up to the payment of the Final Certificate becomes a 'contractor' for the purposes of the CIS^[43], his obligation to make any payment under this Contract is subject to the provisions of the CIS.

Payments, Certificates and Notices – general provisions

4.7 Advance payment

4.10.2 If a Payment Certificate is not issued in accordance with clause 4.9.1 or 4.26.1, then:

4.10.2.1 where the Contractor has made a Payment Application in accordance with clause 4.10.1, that application is for the purposes of these Conditions a Payment Notice; or

4.10.2.2 where the Contractor has not made a Payment Application, he may at any time after the last date for issue of the Payment Certificate give a Payment Notice to the Quantity Surveyor, stating the sum that the Contractor considers to have become due to him under clauses 4.14 and 4.15 or clause 4.26.2 at the relevant due date and the basis on which that sum has been calculated.

- 4.11.4 Where a Payment Notice is given under clause 4.10.2.2, the final date for payment of the sum specified in it shall for all purposes be regarded as postponed by the same number of days as the number of days after the last date for issue of the Payment Certificate that the Payment Notice is given.
- 4.11.5 Where:
- 4.11.5.1 the Employer intends to pay less than the sum stated as due from him in a Payment Certificate or Payment Notice; or

- 4.11.7 Any such unpaid amount and any interest under clause 4.11.6 shall be recoverable as a debt. 4.12 Pay Less Notices and other general provisions

- 4.12.1 A Pay Less Notice given by either Party shall specify the sum he considers to be due to the other Party at the date the notice is given and the basis on which that sum has been calculated. Such notice:
- 4.12.1.1 (where it is to be given by the Employer) may be given on his behalf by the Architect/Contract Administrator, Quantity Surveyor or Employer's representative or by any other person who the Employer notifies the Contractor as being authorised to do so but, in the case of a payment for which a Payment Certificate is not issued in due time, may not be given until the Contractor has in respect of the payment given a Payment Notice;
- 4.12.1.2 (where it is to be given by the Contractor) shall be sent to the Employer, with a copy to the Architect/Contract Administrator.
- 4.12.2 In relation to the requirements for the issue of Payment Certificates and the giving of Pay Less Notices, it is immaterial that the amount then considered to be due may be zero.
- 4.12.3 The Employer's fiduciary interest in the Retention referred to in clause 4.17 shall not prevent him exercising any right under this Contract to withhold or deduct from a sum due to the Contractor, subject to clause 4.11.5, even if that sum includes any Retention due for release under clause 4.19.

4.13 Contractor's right of suspension

- 4.13.1 If the Employer fails to pay a sum payable to the Contractor in accordance with clause 4.11 (together with any VAT properly chargeable in respect of that payment) by the final date for payment and the failure continues for 7 days after the Contractor has given notice to the Employer, with a copy to the Architect/Contract Administrator, of his intention to suspend the performance of his obligations under this Contract and the grounds for such suspension, the Contractor, without affecting his other rights and remedies, may suspend

performance of any or all of those obligations until payment is made in full.

- 4.13.2 Where the Contractor exercises his right of suspension under clause 4.13.1, he shall be entitled to a reasonable amount in respect of costs and expenses reasonably incurred by him as a result of exercising the right.
- 4.13.3 Applications in respect of any such costs and expenses shall be made to the Architect/Contract Administrator and the Contractor shall with his application or on request submit such details of them as are reasonably necessary for ascertaining the amount in question.

Interim Payments – calculation of sums due

4.14 Gross Valuation

The Gross Valuation for each interim payment shall, subject to any agreement between the Parties as to stage payments, be the total of the amounts referred to in clauses 4.14.1 and 4.14.2, less the deductions referred to in clause 4.14.3, each calculated as at the Interim Valuation Date:

- 4.14.1 the total values of the following, which are subject to Retention:

- 4.14.1.1 work properly executed by the Contractor (including work so executed for which a value has been agreed pursuant to clause 5.2.1 or which has been valued under the Valuation Rules and work for which there is a Confirmed Acceptance of a Variation Quotation), but excluding any amounts referred to in clause 4.14.2.4;
- 4.14.1.2 Site Materials, provided they are adequately protected against weather and other casualties and are not on the Works prematurely; and
- 4.14.1.3 Listed Items (if any) for which the conditions set out in clause 4.16 are satisfied;

those values shall be adjusted, where appropriate, in accordance with any applicable Fluctuations Provision or any Acceleration Quotation for which there has been Confirmed Acceptance and, where there is an Activity Schedule, the value of the work in each activity to which it relates shall be a proportion of the price stated for the work in that activity equal to the proportion of the work in that activity that has then been properly executed;

- 4.14.2 the total of the following, which are not subject to Retention:

- 4.14.2.1 any amounts to be included in accordance with clause 4.4 as a result of payments made or costs incurred by the Contractor under clause 2.6.2, 2.21, 2.23, 3.17, 6.5, 6.10.2 or 6.10.3, 6.11.3, 6.12.2 or 6.20;

4.15 Sums due as interim payments

The sum due as an interim payment shall in each case be the Gross Valuation less the following

deductions:

- 4.15.1 any amount which may be deducted and retained by the Employer under clauses 4.17 to 4.19 ('the Retention');

- 4.15.4 any sum paid in respect of any Payment Notice given after the issue of the latest Interim Certificate.

Listed Items

4.16 Listed Items

The conditions for inclusion of the value of a Listed Item in the Gross Valuation before its delivery to or adjacent to the Works as referred to in clause 4.14.1.3 are:

- 4.16.1 the Listed Item is in accordance with this Contract;
- 4.16.2 the Contractor has provided the Architect/Contract Administrator with reasonable proof that:
 - 4.16.2.1 property in the Listed Item is vested in the Contractor; and
 - 4.16.2.2 the Listed Item is and will remain insured against loss or damage for its full value under a policy of insurance protecting the interests of the Employer and the Contractor in respect of the Specified Perils until delivered to, or adjacent to, the Works;
- 4.16.3 at the premises where the Listed Item is situated pending delivery, there is in relation to that item clear identification of:
 - 4.16.3.1 the Employer as the person to whose order it is held; and
 - 4.16.3.2 the Works as its destination,each item being either set apart or clearly and visibly marked, individually or as a set, by letters, figures or a pre-determined code; and
- 4.16.4 for uniquely identified Listed Items, the Contractor, if it is stated in the Contract Particulars as required, has provided a bond in favour of the Employer from a surety approved by the Employer in the terms set out in Part 2 of Schedule 6⁴⁴¹ ('the required bond') in the amount specified in the Contract Particulars for this clause 4.16.4; or
- 4.16.5 for Listed Items that are not uniquely identified, the Contractor has provided the required bond in the amount specified in the Contract Particulars for this clause 4.16.5.

Retention

4.17 Rules on treatment of Retention

The Retention which the Employer may deduct and retain as referred to in clause 4.15 shall be subject to the following rules:

- 4.17.1 the Employer's interest in the Retention is fiduciary as trustee for the Contractor (but without obligation to invest);
- 4.17.2 prior to the date for issue of each Interim Certificate the Architect/Contract Administrator shall prepare, or instruct the Quantity Surveyor to prepare, and with that certificate shall issue to the Employer and the Contractor a statement specifying the amount of the Retention deducted (and, where relevant, the amount to be released in accordance with clause 4.19) in arriving at the sum stated as due;
- 4.17.3 except where the Employer is a Local or Public Authority, the Employer, to the extent that

he exercises his right under clause 4.19 and if the Contractor so requests, shall at the date of payment place the Retention in a separate bank account (so designated as to identify the amount as the Retention held by the Employer on trust as provided in clause 4.17.1) and certify to the Architect/Contract Administrator and the Contractor that the amount has been so placed. The Employer shall be entitled to the full beneficial interest in any interest accruing on the separate bank account and under no duty to account for any such interest to the Contractor or any sub-contractor.

4.18 Retention Bond

Where the Contract Particulars state that clause 4.18 applies, then:

- 4.18.1 subject to clauses 4.18.3 and 4.18.4, the provisions of clauses 4.15 and 4.19 permitting the deduction of the Retention shall not apply save that the Architect/Contract Administrator shall prior to the date for issue of each Interim Certificate prepare, or instruct the Quantity Surveyor to prepare, a statement specifying the deduction in respect of the Retention that would have been made had those clauses applied^[45];
- 4.18.2 on or before the Date of Possession the Contractor shall provide to the Employer and thereafter maintain a bond ('the Retention Bond') in favour of the Employer from a surety approved by the Employer ('the Surety')^[44] in the terms set out in Part 3 of Schedule 6, incorporating in clauses 2 (*maximum aggregate sum*) and 6.3 (*expiry date*) of the bond the sum and date stated in the Contract Particulars;
- 4.18.3 if the Contractor fails to provide or maintain the Retention Bond in accordance with clause 4.18.2, the provisions of clauses 4.15 and 4.19 permitting the deduction of the Retention shall apply in respect of Interim Certificates issued after the date of the failure, save that if the Contractor subsequently provides the required bond, any Retention deducted during the period of failure shall become due for release to the Contractor on the next due date thereafter;
- 4.18.4 if at any time the amount of the Retention that would have been deducted had the provisions of clauses 4.15 and 4.19 applied exceeds the aggregate sum stated in the Retention Bond, then either the Contractor shall arrange with the Surety for the aggregate sum to equate to such amount or the amount not covered by the bond may be deducted as Retention; and
- 4.18.5 where the Contractor has provided a performance bond or guarantee of the type referred to in clause 7.3.1, then, in respect of any default for which the Employer is entitled to make a demand under both that performance bond or guarantee and the Retention Bond, the Employer shall first have recourse to the Retention Bond.

4.19 Retention – amounts and periods

The Retention which may be deducted under Interim Certificates issued prior to issue of the Certificate of Making Good (or last such certificate) and retained by the Employer shall be the following percentages of the total amount (or proportion of that amount) included in the Gross Valuation under clause 4.14.1 for work and (where applicable) Site Materials and Listed Items^[46]:

- 4.19.1 the Retention Percentage may be deducted from the total amount where the Works have not reached practical completion or (where there are Sections) from that proportion of the total amount that relates to uncompleted Sections (in either case excluding from the total amount any proportion of it attributable to a Relevant Part);
- 4.19.2 half the Retention Percentage may be deducted:
 - 4.19.2.1 from the total amount where the Works as a whole have reached practical completion but the Certificate of Making Good has not been issued; or
 - 4.19.2.2 from the proportion of the total amount that relates to each Section that has reached practical completion but for which such a certificate has not been issued or relates to a Relevant Part for which a certificate has not been issued under clause 2.35.

[45] This saving provision is included in view of the provisions of clauses 4.2 and 4.3 of the form of Retention Bond in Schedule 6.

[46] For the effect of clause 4.19.2, see the Standard Building Contract Guide.

Loss and Expense

4.20 Matters materially affecting regular progress

- 4.20.1 If in the execution of this Contract the Contractor incurs or is likely to incur any direct loss and/or expense as a result of any deferment of giving possession of the site or part of it under clause 2.5 or because regular progress of the Works or any part of them has been or is likely to be materially affected by any Relevant Matter, he shall, subject to clause 4.20.2 and compliance with the provisions of clause 4.21 be entitled to reimbursement of that loss and/or expense.
- 4.20.2 No such entitlement arises where these Conditions provide that there shall be no addition to the Contract Sum or otherwise exclude the operation of this clause 4.20 or to the extent that the Contractor is reimbursed for such loss and/or expense under another provision of these Conditions.

4.21 Notification and ascertainment

- 4.21.1 The Contractor shall notify the Architect/Contract Administrator as soon as the likely effect of a Relevant Matter on regular progress or the likely nature and extent of any loss and/or expense arising from a deferment of possession becomes (or should have become) reasonably apparent to him.
- 4.21.2 That notification shall be accompanied by or, as soon as reasonably practicable, followed by the Contractor's initial assessment of the loss and/or expense incurred and any further amounts likely to be incurred, together with such information as is reasonably necessary to enable the Architect/Contract Administrator or Quantity Surveyor to ascertain the loss and/or expense incurred.
- 4.21.3 The Contractor shall thereafter, in such form and manner as the Architect/Contract Administrator may reasonably require, update that assessment and information at monthly intervals until all information reasonably necessary to allow ascertainment of the total amount of such loss and expense has been supplied.
- 4.21.4 Within 28 days of receipt of the initial assessment and information and 14 days of each subsequent update of them the Architect/Contract Administrator or Quantity Surveyor shall notify the Contractor of the ascertained amount of the loss and/or expense incurred, each ascertainment being made by reference to the information supplied by the Contractor and in sufficient detail to enable the Contractor to identify differences between it and the Contractor's assessment.

4.22 Relevant Matters

The following are the Relevant Matters:

- 4.22.1 Variations (excluding those where the amount of loss and/or expense has been agreed by Confirmed Acceptance of a Variation Quotation or Acceleration Quotation but including any other matters or instructions which under these Conditions are to be treated as a Variation);
- 4.22.2 Architect/Contract Administrator's instructions:
- 4.22.2.1 under clause 3.15 or 3.16;

 - 5.1.2.1 access to the site or use of any specific parts of the site;
 - 5.1.2.2 limitations of working space;
 - 5.1.2.3 limitations of working hours; or
 - 5.1.2.4 the execution or completion of the work in any specific order.^[48]

5.2 Valuation of Variations and provisional sum work

- 5.2.1 The value of:
 - 5.2.1.1 all Variations required by Architect/Contract Administrator's instructions or subsequently sanctioned by him in writing;
 - 5.2.1.2 all work which under these Conditions is to be treated as a Variation; and

- shall be such amount as is agreed by the Employer and the Contractor (whether by Confirmed Acceptance of a Variation Quotation or otherwise) or, where not agreed, the amount valued by the Quantity Surveyor (a 'Valuation').
- 5.2.2 Save where clause 5.3.3 applies, each Valuation shall be made in accordance with clauses 5.6 to 5.10 ('the Valuation Rules'), such Valuation insofar as it relates to the Contractor's Designed Portion being in accordance with clause 5.8.

5.3 Variation Quotation

- 5.3.1 If the Architect/Contract Administrator in his instruction for a Variation states that the Contractor is to provide a quotation in accordance with the provisions of Schedule 2 (a 'Variation Quotation'), the Contractor shall subject to receipt of sufficient information provide a quotation in accordance with those provisions, unless within 7 days of his receipt of that instruction (or such longer period as is either stated in the instruction or agreed between them) he notifies the Architect/Contract Administrator that he disagrees with the application

[48] See clauses 3.10.1 and (where applicable) 3.10.3 for the Contractor's right of reasonable objection to Variations.

of the procedure to that instruction.

- 5.3.2 If the Contractor notifies his disagreement within that period, he shall not be obliged to provide that quotation and the Variation shall not be carried out unless and until the Architect/Contract Administrator gives a further instruction that the Variation is to be carried out and is to be valued by a Valuation.
- 5.3.3 Where a Variation Quotation has been made for work and a Confirmed Acceptance issued, then, if the Architect/Contract Administrator subsequently issues an instruction requiring a Variation of that work, the Valuation of that Variation shall be made on a fair and reasonable basis having regard to the content of that quotation and that Valuation shall include the direct loss and/or expense, if any, incurred by the Contractor because the regular progress of the Works or of any part of them is materially affected by compliance with the instruction. The Valuation Rules shall apply only to the extent that they are consistent with those requirements.

5.4 Contractor's right to be present at measurement

Where it is necessary to measure work for the purpose of a Valuation the Quantity Surveyor shall give the Contractor an opportunity to be present at the time of such measurement and to take such notes and measurements as the Contractor may require.

5.5 Giving effect to Valuations, agreements etc.

The Contract Sum shall be adjusted for each Confirmed Acceptance or other agreement by the Employer and the Contractor under clause 5.2.1 and for each Valuation.

The Valuation Rules

5.6 Measurable Work

- 5.6.1 To the extent that a Valuation relates to the execution of additional or substituted work which can properly be valued by measurement and subject to clause 5.8 in the case of CDP Works, such work shall be measured and shall be valued in accordance with the following rules:
- 5.6.1.1 where the work is of similar character to work included in the Contract Documents the Valuation shall be consistent with the relevant rates, prices or amounts for such work in the Priced Document and shall include a fair allowance for any change in the conditions under which the work is carried out and/or any significant change in the quantity of such work from that included in the Contract Documents;
- 5.6.1.2 where the work is not of similar character to work set out in the Contract Documents, it shall be valued at fair rates and prices.
- 5.6.2 To the extent that a Valuation relates to the omission of work set out in the Contract Documents and subject to clause 5.8 in the case of CDP Works, the valuation of the work omitted shall be in accordance with the rates, prices or amounts in the Priced Document.
- 5.6.3 In any valuation of work under clauses 5.6.1 and 5.6.2, allowance, where appropriate, shall be made for any addition to or reduction of preliminary items of the type referred to in the Measurement Rules.

5.7 Daywork

Where the execution of additional or substituted work cannot be valued in accordance with clause 5.6 or 5.8, as applicable, the Valuation shall comprise:

- 5.7.1 the prime cost of such work (calculated in accordance with the 'Definition of Prime Cost of Daywork carried out under a Building Contract' issued by The Royal Institution of Chartered Surveyors (RICS) and Construction Industry Publications Ltd as current at the Base Date) together with Percentage Additions to each section of the prime cost at the rates stated in the document identified in the Contract Particulars or, if they apply in respect of labour, at the All-Inclusive Rates stated in such document; or
- 5.7.2 where the work is within the province of any specialist trade and the RICS and the appropriate body representing the employers in that trade have agreed and issued a

definition of prime cost of daywork^[49], the prime cost of such work calculated in accordance with that definition current at the Base Date, together with Percentage Additions on the prime cost at the rates stated in the document identified in the Contract Particulars or, if they apply in respect of labour, at the All-Inclusive Rates stated in such document.

Provided that in any case vouchers specifying the time daily spent upon the work, the workmen's names, the plant and the materials employed shall be delivered for verification to the Architect/Contract Administrator or his authorised representative not later than 7 Business Days after the work has been executed.

5.8 Contractor's Designed Portion – Valuation

Valuations relating to the Contractor's Designed Portion shall be made under this clause 5.8.

- 5.8.1 Allowance shall be made in such Valuations for the addition or omission of the relevant design work.
- 5.8.2 The valuation of additional or substituted work shall be consistent with the values of work of a similar character set out in the CDP Analysis, making due allowance for any change in the conditions under which work is carried out and/or any significant change in the quantity of the work so set out. Where there is no work of a similar character set out in the CDP Analysis a fair valuation shall be made.
- 5.8.3 The valuation of the omission of work set out in the CDP Analysis shall be in accordance with the values therein for such work.
- 5.8.4 Clauses 5.6.3, 5.7 and 5.9 shall apply so far as is relevant.

5.9 Change of conditions for other work

If as a result of:

- 5.9.1 compliance with any instruction requiring a Variation; or
- 5.9.2 compliance with any instruction as to the expenditure of a Provisional Sum,

there is a substantial change in the conditions under which any other work is executed (including CDP Works), that other work shall be treated as a Variation and shall be valued in accordance with the provisions of this section 5.

5.10 Additional provisions

- 5.10.1 To the extent that a Valuation does not relate to the execution of additional or substituted work or the omission of work or to the extent that the valuation of any work or liabilities directly associated with a Variation cannot reasonably be effected in the Valuation by the application of clauses 5.6 to 5.9, a fair valuation shall be made.
- 5.10.2 No allowance shall be made under the Valuation Rules for any effect upon the regular progress of the Works or of any part of them or for any other direct loss and/or expense for which the Contractor would be reimbursed by payment under any other provision in these Conditions.

[49] There are currently three definitions to which clause 5.7.2 refers, namely those agreed between the RICS and the Electrical Contractors Association, the RICS and the Electrical Contractors Association of Scotland and the RICS and the Building and Engineering Services Association.

Section 6 Injury, Damage and Insurance

Personal Injury and Property Damage

6.1 Contractor's liability – personal injury or death

The Contractor shall be liable for, and shall indemnify the Employer against, any expense, liability, loss, claim or proceedings whatsoever in respect of personal injury to or the death of any person arising out of or in the course of or caused by the carrying out of the Works, except to the extent that the same is due to any act or neglect of the Employer, any Employer's Person or any Statutory Undertaker.

6.2 Contractor's liability – loss, injury or damage to property

Subject to clause 6.3, the Contractor shall be liable for, and shall indemnify the Employer against, any expense, liability, loss, claim or proceedings in respect of any loss, injury or damage whatsoever to any property real or personal in so far as such loss, injury or damage arises out of or in the course of or by reason of the carrying out of the Works and to the extent that the same is due to any negligence, breach of statutory duty, omission or default of the Contractor or any Contractor's Person.

6.3 Loss or damage to Existing Structures or their contents

6.3.1 Where paragraph C.1 of Insurance Option C applies, the Contractor's liability and indemnity under clause 6.2 excludes any loss or damage to Existing Structures or to any of their contents required to be insured under that option that is caused by any of the risks or perils required or agreed to be insured against under that option.

6.3.2 The exclusion in clause 6.3.1 shall apply notwithstanding that the loss or damage is or may be due in whole or in part to the negligence, breach of statutory duty, omission or default of the Contractor or any Contractor's Person.

6.3.3 Where Insurance Option C applies but a C.1 Replacement Schedule applies in lieu of paragraph C.1, the Contractor's liability and indemnity under clause 6.2 shall, in respect of loss, injury or damage to the Existing Structures and their contents due to the causes specified in that clause, be subject only to such limitations or exclusions as are specified in that schedule.

6.3.4 The reference in clause 6.2 to 'property real or personal' does not include the Works, work executed or Site Materials up to and including the date of issue of the Practical Completion Certificate or, if earlier, the date of termination of the Contractor's employment, except that:

6.3.4.1 after the date of issue of a Section Completion Certificate, the Section to which it relates shall no longer be regarded as 'the Works' or 'work executed' for these purposes; and

6.3.4.2 if partial possession is taken under clause 2.33, the Relevant Part shall no longer be so regarded after the Relevant Date.

Insurance against Personal Injury and Property Damage

6.4 Contractor's insurance of his liability

6.4.1 Without limiting or affecting his indemnities to the Employer under clauses 6.1 and 6.2, the Contractor shall effect and maintain insurance in respect of claims arising out of the liabilities referred to in those clauses which:

6.4.1.1 in respect of claims for personal injury to or the death of any employee of the Contractor arising out of and in the course of such person's employment, shall comply with all relevant legislation; and

6.4.1.2 for all other claims to which clause 6.4.1 applies^[50], shall indemnify the Employer in like manner to the Contractor (but only to the extent that the Contractor may be liable to indemnify the Employer under the terms of this Contract) and shall for any one occurrence or series of occurrences arising out of one event be in a sum not less than that stated in the Contract Particulars for clause 6.4.1.^[51]

6.4.2 As to evidence that such insurances have been effected and are being maintained and the consequences of failure to comply, clause 6.12 shall apply.

6.5 Contractor's insurance of liability of Employer

6.5.1 If the Contract Particulars state that insurance under clause 6.5.1 may be required, the Contractor shall if instructed by the Architect/Contract Administrator effect and maintain a policy of insurance in the names of the Employer and the Contractor for the amount of indemnity there stated in respect of any expense, liability, loss, claim or proceedings which the Employer may incur or sustain by reason of injury or damage to any property caused by collapse, subsidence, heave, vibration, weakening or removal of support or lowering of ground water arising out of or in the course of or by reason of the carrying out of the Works, excluding injury or damage:

6.5.1.1 for which the Contractor is liable under clause 6.2; or

6.5.1.2 which is attributable to errors or omissions in the designing of the Works; or

6.5.1.3 which can reasonably be foreseen to be inevitable having regard to the nature of the work to be executed and the manner of its execution; or

6.5.1.4 (if Insurance Option C applies) which it is the responsibility of the Employer to insure under paragraph C.1 of Schedule 3; or

6.5.1.5 to the Works and Site Materials except where the Practical Completion Certificate has been issued or in so far as any Section is the subject of a Section Completion Certificate; or

6.5.1.6 which arises from any consequence of war, invasion, act of foreign enemy, hostilities (whether war is declared or not), civil war, rebellion or revolution, insurrection or military or usurped power; or

6.5.1.7 which is directly or indirectly caused by or contributed to by or arises from the Excepted Risks; or

6.5.1.8 which is directly or indirectly caused by or arises out of pollution or contamination of buildings or other structures or of water or land or the atmosphere happening during the period of insurance, save that this exception shall not apply in respect of pollution or contamination caused by a sudden identifiable, unintended and unexpected incident which takes place in its entirety at a specific moment in time and place during the period of insurance (all pollution or contamination which arises out of one incident being considered for the purpose of this insurance to have occurred at the time such incident takes place); or

6.5.1.9 which results in any costs or expenses being incurred by the Employer or in any other sums being payable by the Employer in respect of damages for breach of contract, except to the extent that such costs or expenses or damages would have attached in the absence of any contract.

6.5.2 Any insurance under clause 6.5.1 shall be placed with insurers approved by the Employer, and the Contractor shall upon its issue deposit the policy with the Architect/Contract Administrator or, if so directed, the Employer.

6.5.3 Amounts expended by the Contractor to effect and maintain that insurance shall on production of receipts be added to the Contract Sum, and clause 6.12 shall apply.

[50] It should be noted that the cover granted under Public Liability policies taken out pursuant to clause 6.4.1 may not be co-extensive with the indemnity given to the Employer in clauses 6.1 and 6.2: for example, each claim may be subject to an excess and cover may not be available in respect of loss or damage due to gradual pollution.

[51] The Contractor may, if he wishes, insure for a sum greater than that stated in the Contract Particulars.

6.6 Excepted Risks

Notwithstanding clauses 6.1, 6.2 and 6.4.1, the Contractor shall neither be liable to indemnify the Employer nor obliged to insure against any personal injury to or the death of any person or any damage, loss or injury to the Works, Site Materials, work executed, the site or any other property caused by the effect of an Excepted Risk.

Insurance of the Works and Existing Structures

6.7 Insurance Options and period

- 6.7.1 Insurance Options A, B and C are set out in Schedule 3. The Insurance Option that applies to this Contract is that stated in the Contract Particulars.^[52]
- 6.7.2 In each case the Party responsible for effecting a Joint Names Policy under the Insurance Option that applies (the 'Works Insurance Policy') shall maintain that policy up to and including the date of issue of the Practical Completion Certificate, or last Section Completion Certificate, or (if earlier) the date of termination of the Contractor's employment, except that the obligation to maintain a Works Insurance Policy:
- 6.7.2.1 shall not apply in relation to a Section after the date of issue of its Section Completion Certificate; and
- 6.7.2.2 if partial possession is taken under clause 2.33, shall not as from the Relevant Date apply in relation to the Relevant Part.

6.8 Related definitions

In these Conditions the following phrases shall have the following meanings:

All Risks Insurance^[53]: insurance which provides cover against any physical loss or damage to work executed and Site Materials and against the reasonable cost of the removal and disposal of debris and of any shoring and propping of the Works which results from such physical loss or damage but excluding the cost necessary to repair, replace or rectify:

- (a) property which is defective due to:
- (i) wear and tear,
 - (ii) obsolescence, or
 - (iii) deterioration, rust or mildew;
- (b) any work executed or any Site Materials lost or damaged as a result of its own defect in design, plan, specification, material or workmanship or any other work executed which is lost or damaged in consequence thereof where such work relied for its support or stability on such work which was defective^[54];

[52] **Insurance Options A and B** are for use in the case of new buildings. **Insurance Option A** is applicable where the Contractor is required to take out a Joint Names Policy for All Risks Insurance of the Works or to include them on that basis within his Annual Construction policy; **Insurance Option B** is applicable where the Employer has elected to take out that Joint Names Policy. **Insurance Option C** is for use in the case of alterations of or extensions to Existing Structures. Under that option, the Employer is required to take out a Joint Names Policy for All Risks Insurance for the Works and also, if paragraph C.1 applies, a Joint Names Policy to insure the Existing Structures and their contents owned by him or for which he is responsible against loss or damage by the Specified Perils. Some Employers (e.g. tenants and some homeowners) may not be able readily to obtain the Joint Names cover required under paragraph C.1. Where that is the case, alternative arrangements through use of a C.1 Replacement Schedule or as otherwise described in the Standard Building Contract Guide will be necessary. **Where there are Existing Structures, it is vital that any prospective Employer who is not familiar with Insurance Option C – in particular any Employer who is a tenant or domestic homeowner – or an appropriate member of the Employer's professional team, should consult specialist insurance advisers prior to the tender stage. Any Employer who is a tenant should also consult his insuring landlord prior to that stage.**

[53] The risks and costs that All Risks Insurance is required to cover are defined by exclusions. Policies issued by insurers are not standardised; the way in which insurance for these risks is expressed varies and **in some cases it may not be possible for insurance to be taken out against certain of the risks required to be covered.** In the case of Terrorism Cover, where the extension of cover will involve an additional premium and may in certain situations be difficult to effect, the requirement is now expressly limited to Pool Re Cover or such other cover as is agreed and set out in the Contract Particulars. That extension and any other relevant details of Works insurance also require discussion and agreement between the Parties and their insurance advisers at an early stage, **prior to entering into the Contract.** See the Standard Building Contract Guide.

- (c) loss or damage caused by or arising from:
 - (i) any consequence of war, invasion, act of foreign enemy, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection, military or usurped power, confiscation, commandeering, nationalisation or requisition or loss or destruction of or damage to any property by or under the order of any government *de jure* or *de facto* or public, municipal or local authority,
 - (ii) disappearance or shortage if such disappearance or shortage is only revealed when an inventory is made or is not traceable to an identifiable event, or
 - (iii) an Excepted Risk.

Excepted Risks: the risks comprise:

- (a) ionising radiations or contamination by radioactivity from any nuclear fuel or from any nuclear waste from the combustion of nuclear fuel, radioactive toxic explosive or other hazardous properties of any explosive nuclear assembly or nuclear component thereof (other than such risk insofar, but only insofar, as it is included in the Terrorism Cover from time to time required to be taken out and maintained under this Contract);
- (b) pressure waves caused by aircraft or other aerial devices travelling at sonic or supersonic speeds; and
- (c) any act of terrorism that is not within the Terrorism Cover from time to time required to be taken out and maintained under this Contract.

Joint Names Policy: a policy of insurance which includes the Employer and the Contractor as composite insured and under which the insurers have no right of recourse against any person named as an insured, or, pursuant to clause 6.9, recognised as an insured thereunder.

Pool Re Cover: such insurance against loss or damage to work executed and Site Materials caused by or resulting from terrorism as is from time to time generally available from insurers who are members of the Pool Reinsurance Company Limited scheme or of any similar successor scheme.^[55]

Specified Perils: fire, lightning, explosion, storm, flood, escape of water from any water tank, apparatus or pipe, earthquake, aircraft and other aerial devices or articles dropped therefrom, riot and civil commotion, but excluding Excepted Risks.

Terrorism Cover: Pool Re Cover or other insurance against loss or damage to work executed and Site Materials (and/or, for the purposes of clause 6.11.1, to an Existing Structure and/or its contents) caused by or resulting from terrorism.^[55]

6.9 Sub-contractors – Specified Perils cover under Works Insurance Policies

- 6.9.1 The Contractor, where Insurance Option A applies, and the Employer, where Insurance Option B or C applies, shall ensure that the Works Insurance Policy either:
 - 6.9.1.1 provides for recognition of each sub-contractor as an insured under the policy; or
 - 6.9.1.2 includes a waiver by the insurers of any right of subrogation which they may have against any such sub-contractor

in respect of loss or damage by the Specified Perils to the Works or relevant Section, work executed and Site Materials and that this recognition or waiver continues up to and including the date of issue of any certificate or other document which states that in relation to the Works, the sub-contractor's works are practically complete or, if earlier, the date of termination of the sub-contractor's employment. Where there are Sections, the recognition or waiver for a sub-contractor in relation to a Section shall cease upon the issue of such

[54] In an All Risks Insurance policy for the Works, cover should not be reduced by any exclusion that goes beyond the terms of paragraph (b) in this definition. For example, an exclusion in terms that 'This Policy excludes all loss of or damage to the property insured due to defective design, plan, specification, materials or workmanship' would not be in accordance with the terms of the relevant Insurance Options or that definition. In relation to design defects, wider All Risks cover than that specified may be available, though it is not standard.

[55] As respects Terrorism Cover and the requirements of Insurance Options A, B and C, see footnote [53] and the Standard Building Contract Guide.

certificate or other document for his work in that Section.

- 6.9.2 Clause 6.9.1 applies also in respect of any Works Insurance Policy taken out in default under clause 6.12.2.

6.10 Terrorism Cover – policy extensions and premiums

- 6.10.1 To the extent that the Works Insurance Policy excludes (or would otherwise exclude) loss or damage caused by terrorism, the Contractor, where Insurance Option A applies, or the Employer, where Insurance Option B or C applies, shall unless otherwise agreed effect and maintain, either as an extension to the Works Insurance Policy or as a separate Joint Names Policy, in the same amount and for the same period as the Works Insurance Policy, such Terrorism Cover as is specified in or by the Contract Particulars, subject to clauses 6.10.4 and 6.11.
- 6.10.2 Where Insurance Option A applies and the Contractor is required to take out and maintain Pool Re Cover, the cost of that cover and its renewal shall be deemed to be included in the Contract Sum save that, if at any renewal of the cover there is a variation in the rate on which the premium is based, the Contract Sum shall be adjusted by the net amount of the difference between the premium paid by the Contractor and the premium that would have been paid but for the change in rate.
- 6.10.3 Where Insurance Option A applies and Terrorism Cover other than Pool Re Cover is specified as required, the cost of such other cover and of its renewal shall be added to the Contract Sum.
- 6.10.4 Where Insurance Option A applies and the Employer is a Local or Public Authority, if at any renewal of the Terrorism Cover (of any type) there is an increase in the rate on which the premium is based, he may instruct the Contractor not to renew the Terrorism Cover. If he so instructs, clause 6.13.5.3 shall apply with effect from the renewal date.

6.11 Terrorism Cover – non-availability – Employer's options

- 6.11.1 If the insurers named in any Joint Names Policy notify either Party that, with effect from a specified date (the 'cessation date'), Terrorism Cover will cease and will no longer be available or will only continue to be available with a reduction in the scope or level of such cover, the recipient shall immediately notify the other Party.
- 6.11.2 The Employer, after receipt of such notification but before the cessation date, shall give notice to the Contractor either:
- 6.11.2.1 that, notwithstanding the cessation or reduction in scope or level of Terrorism Cover, the Employer requires that the Works continue to be carried out; or
- 6.11.2.2 that on the date stated in the Employer's notice (which shall be a date after the date of the insurers' notification but no later than the cessation date) the Contractor's employment under this Contract shall terminate.
- 6.11.3 Where Insurance Option A applies and the Employer gives notice under clause 6.11.2.1 requiring continuation of the Works, he may instruct the Contractor to effect and maintain any alternative or additional form of Terrorism Cover then reasonably obtainable by the Contractor; the net additional cost to the Contractor of any such cover and its renewal shall be added to the Contract Sum.
- 6.11.4 If the Employer gives notice of termination under clause 6.11.2.2, then upon and from such termination the provisions of clause 8.12 (excluding clause 8.12.3.5) shall apply.
- 6.11.5 If the Employer does not give notice of termination under clause 6.11.2.2, but work executed and/or Site Materials thereafter suffer physical loss or damage caused by terrorism, clauses 6.13 and 6.14 shall as appropriate apply.

6.12 Evidence of insurance

- 6.12.1 Where a Party is required by this Contract to effect and maintain an insurance policy or cover under any of clauses 6.4, 6.5, 6.7 and 6.10, or is responsible for ensuring that it is effected and maintained, that Party shall at the request of the other Party supply such documentary evidence as the other Party may reasonably require that the policy or cover has been effected and remains in force.

- 6.12.2 If a Party required to provide such documentary evidence fails to provide it within 7 days of a request being made, the other Party may assume that there has been a failure to insure, and may insure against any risk, liability or expense to which he may be exposed as a consequence, but shall not be obliged to do so. If the other Party insures, the defaulting Party shall be liable in the case of insurance under clause 6.4, 6.7 or 6.10 for the costs or, in the case of insurance required under clause 6.5, any additional cost that the other Party incurs in taking out and maintaining that insurance. Any costs payable to the Contractor shall be added to the Contract Sum; any costs payable to the Employer may be deducted from any sums due or to become due to the Contractor or shall be recoverable from the Contractor as a debt.

6.13 Loss or damage – insurance claims and reinstatement

- 6.13.1 If during the carrying out of the Works any loss or damage affecting any executed work or Site Materials is occasioned by any of the risks covered by the Works Insurance Policy or an Excepted Risk or there is any loss of or damage of any kind to any of the Existing Structures or their contents, the Contractor shall forthwith upon it occurring or becoming apparent give notice both to the Architect/Contract Administrator and to the Employer of its nature, location and extent.
- 6.13.2 Subject to clauses 6.13.5.1 and 6.13.6, the occurrence of such loss or damage to executed work or Site Materials shall be disregarded in calculating any amounts payable to the Contractor under this Contract.
- 6.13.3 The Contractor, for himself and for all his sub-contractors recognised as an insured under the Works Insurance Policy, shall authorise the insurers to pay to the Employer all monies from such insurance, and from any policies covering Existing Structures or their contents that are effected by the Employer.
- 6.13.4 Where loss or damage affecting executed work or Site Materials is occasioned by any risk covered by the Works Insurance Policy, and subject to clause 6.14 where relevant, the Contractor shall after any inspection required by the insurers under the Works Insurance Policy and with due diligence restore the damaged work, replace or repair any lost or damaged Site Materials, remove and dispose of any debris (collectively 'reinstatement work') and proceed with the carrying out and completion of the Works.
- 6.13.5 Where Insurance Option A applies:
- 6.13.5.1 the Employer shall pay all monies from such insurance to the Contractor by instalments under separate reinstatement work certificates issued by the Architect/Contract Administrator at the same dates as those for Interim Certificates under clause 4.9 but without deduction of Retention and less only the amounts referred to in clause 6.13.5.2;
- 6.13.5.2 the Employer may retain from those monies any amounts properly incurred by the Employer and notified by him to insurers in respect of professional fees up to the aggregate amount of the percentage cover for those fees or (if less) the amount paid by insurers in respect of those fees;
- 6.13.5.3 in respect of reinstatement work, the Contractor shall not be entitled to any payment other than amounts received under the Works Insurance Policy except where there has been a cessation of or reduction in Terrorism Cover under clause 6.10.4 or 6.11 and loss or damage is then caused by or results from terrorism, in which case the reinstatement work shall, to the extent that its cost is no longer recoverable under the policy, be treated as a Variation and under clause 4.14.2.4 or 6.13.5.1 included in Interim Certificates. In neither case shall there be any reduction in any amount payable by reason of any act or neglect of the Contractor or of any sub-contractor which may have contributed to the physical loss or damage.
- 6.13.6 Where Insurance Option B or paragraph C.2 of Insurance Option C applies or where loss or damage is caused by an Excepted Risk, reinstatement work shall be treated as a Variation.

6.14 Loss or damage to Existing Structures – right of termination

If there is material loss of or damage to any of the Existing Structures, the Employer shall be under no obligation to reinstate those structures, but either Party may, if it is just and equitable, terminate the Contractor's employment under this Contract by notice given to the other in accordance with clause

1.7.4 within 28 days of the occurrence of that loss or damage. If such notice is given, then:

- 6.14.1 unless within 7 days of receiving the notice (or such longer period as may be agreed) the Party to whom it is given invokes a dispute resolution procedure of this Contract to determine whether the termination is just and equitable, it shall be deemed to be so;
- 6.14.2 upon the giving of that notice or, where a dispute resolution procedure is invoked within that period, upon any final upholding of the notice, the provisions of clause 8.12 (except clause 8.12.3.5) shall apply.

CDP Professional Indemnity Insurance

6.15 Obligation to insure

Where there is a Contractor's Designed Portion, the Contractor shall:

- 6.15.1 forthwith after this Contract has been entered into, take out (unless he has already done so) a Professional Indemnity insurance policy with limits of indemnity of the types and in amounts not less than those stated in the Contract Particulars^[56];
- 6.15.2 thereafter, provided it is available at commercially reasonable rates, maintain such insurance until the expiry of the period stated in the Contract Particulars from the date of practical completion of the Works; and
- 6.15.3 as and when reasonably requested to do so by the Employer or the Architect/Contract Administrator, produce for inspection documentary evidence that such insurance has been effected and/or is being maintained.

6.16 Increased cost and non-availability

If the insurance referred to in clause 6.15 ceases to be available at commercially reasonable rates, the Contractor shall immediately give notice to the Employer so that the Contractor and the Employer can discuss the means of best protecting their respective positions in the absence of such insurance.

Joint Fire Code – compliance

6.17 Application of clauses

Clauses 6.18 to 6.20 apply where the Contract Particulars state that the Joint Fire Code applies.

6.18 Compliance with Joint Fire Code

The Parties shall comply with the Joint Fire Code and any amendments or revisions to it; the Employer shall ensure such compliance by all Employer's Persons and the Contractor shall ensure such compliance by all Contractor's Persons.

6.19 Breach of Joint Fire Code – Remedial Measures

- 6.19.1 If a breach of the Joint Fire Code occurs and the insurers under the Works Insurance Policy specify by notice to the Employer or the Contractor the remedial measures they require (the 'Remedial Measures'), the Party receiving the notice shall send copies of it to the other and to the Architect/Contract Administrator, and then:
 - 6.19.1.1 subject to clause 6.19.1.2, where the Remedial Measures relate to the obligation of the Contractor to carry out and complete the Works, the Contractor shall ensure that the Remedial Measures are carried out by such date as the insurers specify; and
 - 6.19.1.2 to the extent that the Remedial Measures require a Variation to the Works as described in the Contract Documents or in an Architect/Contract Administrator's instruction, the Architect/Contract Administrator shall issue such instructions as are necessary to enable compliance. If, in an emergency, compliance with the Remedial Measures in whole or in part requires the Contractor to supply materials or execute work before receiving instructions under this clause 6.19.1.2, the Contractor shall supply the materials and execute the work

[56] See the Standard Building Contract Guide.

reasonably necessary to secure immediate compliance. The Contractor shall forthwith notify the Architect/Contract Administrator of the emergency and of the steps he is taking. Save to the extent they relate to the Contractor's Designed Portion, the work and materials reasonably necessary shall be treated as if executed and supplied under a Variation instruction.

- 6.19.2 If the Contractor, within 7 days of receipt of a notice specifying Remedial Measures not requiring an Architect/Contract Administrator's instruction under clause 6.19.1.2, does not begin to carry out or thereafter fails without reasonable cause regularly and diligently to proceed with the Remedial Measures, then the Employer may employ and pay other persons to carry out those Remedial Measures. The Contractor shall be liable for all additional costs incurred by the Employer in connection with such employment and an appropriate deduction shall be made from the Contract Sum.

6.20 Joint Fire Code – amendments/revisions

Where the Joint Fire Code is, under a Joint Names Policy, applicable to the Works and amendments or revisions are made to it after the Base Date, any cost of compliance by the Contractor with amendments or revisions made after that date shall be borne as stated in the Contract Particulars. If the cost is to be borne by the Employer, it shall be added to the Contract Sum.

DRAFT

Section 7 Assignment, Performance Bonds and Guarantees, Third Party Rights and Collateral Warranties

Assignment

7.1 General

Subject to clause 7.2, neither the Employer nor the Contractor shall without the consent of the other assign this Contract or any rights thereunder.

7.2 Rights of enforcement

Where clause 7.2 is stated in the Contract Particulars to apply, then, in the event of transfer by the Employer of his freehold or leasehold interest in, or of a grant by the Employer of a leasehold interest in, the whole of the premises comprising the Works or (if the Contract Particulars so state) any Section, the Employer may at any time after practical completion of the Works or of the relevant Section grant or assign to any such transferee or lessee the right to bring proceedings in the name of the Employer (whether by arbitration or litigation, whichever applies under this Contract) to enforce any of the terms of this Contract made for the benefit of the Employer. The assignee shall be estopped from disputing any enforceable agreements reached between the Employer and the Contractor which arise out of and relate to this Contract (whether or not they are or appear to be a derogation from the right assigned) and which are made prior to the date of any grant or assignment.

Performance Bonds and Guarantees

7.3 Performance Bonds and Guarantees

The Contractor shall on the execution of this Contract provide to the Employer whichever of the following the Contract Particulars state as being required:

7.3.1 a performance bond or guarantee of the Contractor's due performance of the Contract from a bank or other surety approved by the Employer in an amount equal to the percentage of the Contract Sum and for the period stated in the Contract Particulars;

7.3.2 a guarantee by the Contractor's parent company identified in the Contract Particulars;

any such bond or guarantee, unless otherwise agreed by the Employer, being substantially in the form of the document identified by the Contract Particulars.

Clauses 7.7 to 7.11 – Preliminary

7.4 Rights Particulars

The requirements for the grant of P&T Rights and Funder Rights by the Contractor and sub-contractors and any requirement for the grant of Employer Rights by any sub-contractors ('Rights Particulars') are set out in the document(s) identified in the Contract Particulars against the reference to clause 7.4.^[57] As respects those requirements:

7.4.1 such rights are conferred only on persons sufficiently identified (by name, class or description) in the Rights Particulars;

[57] The relevant Rights Particulars should identify the beneficiaries (by name, class or description) and the sub-contractors who are also required to grant rights, specify whether rights are to be granted at each level as Third Party Rights or by way of Collateral Warranties, state in those cases where the default provision is not to apply which alternative provision is to apply in its place and give any other details required to complete the terms of the rights or warranties that are to be given. A Model Form for the Rights Particulars is included in the Standard Building Contract Guide and is also available on the JCT website www.jctltd.co.uk. In the case of third party rights the relevant limits and details required for the purposes of the respective parts of Schedule 5 of this Contract and Schedule 6 of the Standard Building Sub-Contracts are the same as required for the purposes of the Warranty Particulars for the corresponding Collateral Warranty (CWa/P&T, CWa/F, SCWa/P&T, SCWa/F or SCWa/E). Directions may be needed as to mode of execution of sub-contracts and/or collateral warranties by relevant sub-contractors. See also the Standard Building Contract Guide.

- 7.4.2 if in relation to an identified beneficiary the Rights Particulars fail to specify the method by which such rights are to be conferred, the Contractor in relation to rights to be granted by him may elect to do so either as third party rights or by collateral warranty;
- 7.4.3 unless otherwise stated in the Rights Particulars, the term 'the Consultants' shall in all third party rights and/or collateral warranties to be granted mean the Architect/Contract Administrator and the Quantity Surveyor (including any replacements), together with any other consultants providing design services to the Employer in connection with the Works.

7.5 Notices

Each notice to the Contractor referred to in clauses 7.7 to 7.11 shall be given in accordance with clause 1.7.4.

7.6 Execution of Collateral Warranties

Where this Contract is executed as a deed, any collateral warranty to be entered into by the Contractor pursuant to clause 7.9 or 7.10 shall be executed as a deed. Where this Contract is executed under hand, any such warranty may be executed under hand.^[58]

Third Party Rights from Contractor

7.7 Rights for Purchasers and Tenants

- 7.7.1 Where the Rights Particulars state that the Contractor shall confer P&T Rights on a Purchaser or Tenant as third party rights, those rights shall vest in that Purchaser or Tenant on the date of receipt by the Contractor of the Employer's notice to that effect, stating the name of the Purchaser or Tenant and the nature of his interest in the Works.
- 7.7.2 Where P&T Rights have vested in any Purchaser or Tenant, the Employer and the Contractor shall not be entitled without the consent of that Purchaser or Tenant to amend or vary the express provisions of this clause 7.7 or of Part 1 of Schedule 5 (Third Party Rights for Purchasers and Tenants) but, subject thereto, the rights of the Employer and/or the Contractor:
- 7.7.2.1 to terminate the Contractor's employment under this Contract (whether under section 8 or otherwise), or to agree to rescind this Contract;
 - 7.7.2.2 to agree to amend or otherwise vary or to waive any terms of this Contract;
 - 7.7.2.3 to agree to settle any dispute or other matter arising out of or in connection with this Contract, in each case in or on such terms as they shall in their absolute discretion think fit,
- shall not be subject to the consent of any Purchaser or Tenant.

- 8.7.3 no further sum shall become due to the Contractor under this Contract other than any amount that may become due to him under clause 8.7.5 or 8.8.2 and the Employer need not pay any sum that has already become due either:
 - 8.7.3.1 insofar as the Employer has given or gives a Pay Less Notice under clause 4.11.5; or

[59] Clause 8.7.2.3 may not be effectual in cases of Contractor's insolvency.

8.8 Employer's decision not to complete the Works

- 8.8.1 If within the period of 6 months from the date of termination of the Contractor's employment the Employer decides not to have the Works carried out and completed, he shall forthwith notify the Contractor. Within a reasonable time from the date of such notification, or if no notification is given but within that 6 month period the Employer does not commence to make arrangements for such carrying out and completion, then within 2 months of the expiry of that 6 month period, the Employer shall send to the Contractor a statement setting out:
- 8.8.1.1 the total value of work properly executed at the date of termination or date on which the Contractor became Insolvent, ascertained in accordance with these Conditions as if that employment had not been terminated, together with any amounts due to the Contractor under these Conditions not included in such total value; and

- 8.9.3 If a specified default or a specified suspension event continues for 14 days from the receipt of notice under clause 8.9.1 or 8.9.2, the Contractor may on, or within 21 days from, the expiry of that 14 day period by a further notice to the Employer terminate the Contractor's employment under this Contract.

- 1.1 Any instruction of the Architect/Contract Administrator requesting a Variation Quotation shall provide sufficient information^[62] to enable the Contractor to provide that quotation to the Quantity Surveyor in accordance with paragraph 1.2. If the Contractor reasonably considers that the information provided is not sufficient, then, not later than 7 days from the receipt of the instruction, he shall notify the Architect/Contract Administrator who shall supply the information that he reasonably requires.
- 1.2 The Variation Quotation shall separately comprise:
- 1.2.1 the amount of the adjustment to the Contract Sum, excluding any loss and/or expense referred to in paragraph 1.2.3, but including the effect of the instruction on any other work (supported by all necessary calculations, which shall be made by reference, where relevant, to the rates and prices in the Priced Document) and including also, where appropriate, allowances for any adjustment of preliminary items^[63];
 - 1.2.2 any adjustment to the time required for completion of the Works and/or any Section (including, where relevant, a Completion Date earlier than the Date for Completion given in the Contract Particulars) to the extent that such adjustment is not included in any revision of the Completion Date made by the Architect/Contract Administrator under clause 2.28 or in any other Confirmed Acceptance;
 - 1.2.3 the amount to be paid in respect of any direct loss and/or expense that is not included in any other Confirmed Acceptance or in any ascertainment under clause 4.21 or 5.3.3;
 - 1.2.4 a fair and reasonable amount in respect of the cost of preparing the quotation;
 - 1.2.5 where specifically required by the instruction, indicative statements on:
 - 1.2.5.1 the additional resources (if any) required to carry out the Variation; and
 - 1.2.5.2 the method of carrying out the Variation.
- Each part of the quotation shall contain supporting information that is reasonably sufficient to enable that part to be evaluated by or on behalf of the Employer.
- 1.3 The Variation for which the Contractor has submitted a Variation Quotation shall not be carried out until he receives a Confirmed Acceptance of it under paragraph 4 or an instruction under paragraph 5.1.1.

Acceleration Quotation

2

- 2.1 If the Employer wishes to investigate the possibility of achieving practical completion before the Completion Date for the Works or a Section the Architect/Contract Administrator shall invite proposals from the Contractor in that regard (an 'Acceleration Quotation'). The Contractor on receiving such an invitation shall either:

[62] The information provided to the Contractor should normally be in a similar format to that provided at the tender stage.

[63] If a Fluctuations Provision applies under the Contract and is also to apply in respect of the Variation, that should be stated in the quotation and an appropriate base date should be given for calculation purposes.

- 2.1.1 provide an Acceleration Quotation to the Architect/Contract Administrator accordingly, identifying the time that can be saved, the amount of the adjustment to the Contract Sum (inclusive of such amounts as are referred to in paragraphs 1.2.3 and 1.2.4) and any other conditions attached; or
 - 2.1.2 explain why it would be impracticable to achieve practical completion earlier than the Completion Date.
- 2.2 The Employer may on or before receipt of the quotation seek revised proposals.
- 2.3 Without affecting his obligations under clauses 2.1 and 2.4, the Contractor shall be under no obligation to accelerate, or take any steps for that purpose, until he receives a Confirmed Acceptance of his Acceleration Quotation under paragraph 4.

Time for submission and acceptance

3

- 3.1 Unless otherwise agreed, the Variation Quotation or Acceleration Quotation shall be submitted in compliance with the instruction or invitation not later than 21 days from the later of:
 - 3.1.1 the date of receipt of the instruction or invitation; or
 - 3.1.2 the date of receipt by the Contractor of information sufficient to enable him to prepare the quotation.
- 3.2 The quotation shall remain open for acceptance by the Employer for not less than 7 days from its receipt by the Quantity Surveyor or Architect/Contract Administrator.
- 3.3 The Parties may agree to increase or reduce any of the periods referred to in clause 5.3.1 or this Schedule; confirmation of such agreement shall be notified to the Contractor by or on behalf of the Employer.

Acceptance of the quotation

4

- If the Employer wishes to accept a Variation Quotation or Acceleration Quotation, the Architect/Contract Administrator shall on his behalf within the period for acceptance confirm such acceptance by an instruction to the Contractor (a 'Confirmed Acceptance') stating:
- 4.1 the adjustment of the Contract Sum (including any amounts to which paragraphs 1.2.3 and 1.2.4 refer) to be made for complying with the instruction;
 - 4.2 the adjustment to the time required by the Contractor for completion of the Works and/or Section and the resultant revised Completion Date(s) (which, where relevant, may be a date earlier than the Date for Completion); and
 - 4.3 (in the case of an Acceleration Quotation) any such conditions as are referred to in paragraph 2.1.1.

Non-acceptance of the quotation

5

- 5.1 If a Variation Quotation is not accepted by the expiry of the period for acceptance, the Architect/Contract Administrator shall on the expiry of that period either:
 - 5.1.1 instruct that the Variation is to be carried out and is to be valued under the Valuation Rules (*clauses 5.6 to 5.10*); or
 - 5.1.2 instruct that the Variation is not to be carried out.
- 5.2 If a Variation Quotation or Acceleration Quotation is not accepted, a fair and reasonable amount shall be added to the Contract Sum in respect of the cost of its preparation provided that it has been prepared on a fair and reasonable basis. Non-acceptance by the Employer of a quotation shall not of itself be evidence that the quotation was not prepared on such a basis.
- 5.3 Unless the Architect/Contract Administrator issues a Confirmed Acceptance, neither the Employer nor the Contractor may use the quotation for any purpose whatsoever.

Schedule 3 Insurance Options

(Clause 6.7)

Insurance Option A

(New Buildings – All Risks Insurance of the Works by the Contractor)^[64]

Contractor to effect and maintain a Joint Names Policy

- A.1** The Contractor shall effect and for the period specified in clause 6.7.2 maintain with insurers approved by the Employer a Joint Names Policy for All Risks Insurance with cover no less than that specified in clause 6.8 for the full reinstatement value of the Works or (where applicable) Sections (plus the percentage, if any, stated in the Contract Particulars to cover professional fees).

Use of Contractor's annual policy – as alternative

- A.2** If and so long as the Contractor independently of this Contract maintains an annual insurance policy which in respect of the Works or Sections:

A.2.1 provides (inter alia) All Risks Insurance with cover and in amounts no less than those specified in paragraph A.1; and

A.2.2 is a Joint Names Policy,

that policy shall satisfy the Contractor's obligations under paragraph A.1. The annual renewal date of the policy, as supplied by the Contractor, is stated in the Contract Particulars.

Loss or damage

- A.3** Where there is loss or damage affecting any executed work and/or Site Materials, the provisions of clause 6.13 shall as relevant apply.

[64] Insurance Options A and B are for use in the case of new buildings. Insurance Option A is applicable where the Contractor is required to take out a Joint Names Policy for All Risks Insurance of the Works or to include them on that basis within his Annual Construction policy; Insurance Option B is applicable where the Employer has elected to take out that Joint Names Policy. Insurance Option C is for use in the case of alterations of or extensions to Existing Structures. Under that option, the Employer is required to take out a Joint Names Policy for All Risks Insurance for the Works and also, if paragraph C.1 applies, a Joint Names Policy to insure the Existing Structures and their contents owned by him or for which he is responsible against loss or damage by the Specified Perils. Some Employers (e.g. tenants and some homeowners) may not be able readily to obtain the Joint Names cover required under paragraph C.1. Where that is the case, alternative arrangements through use of a C.1 Replacement Schedule or as otherwise described in the Standard Building Contract Guide will be necessary. Where there are Existing Structures, it is vital that any prospective Employer who is not familiar with Insurance Option C – in particular any Employer who is a tenant or domestic homeowner – or an appropriate member of the Employer's professional team, should consult specialist insurance advisers prior to the tender stage. Any Employer who is a tenant should also consult his insuring landlord prior to that stage.

Insurance Option B

(New Buildings – All Risks Insurance of the Works by the Employer)^[64]

Employer to effect and maintain a Joint Names Policy

- B.1** The Employer shall effect and for the period specified in clause 6.7.2 maintain a Joint Names Policy for All Risks Insurance with cover no less than that specified in clause 6.8 for the full reinstatement value of the Works or (where applicable) Sections (plus the percentage, if any, stated in the Contract Particulars to cover professional fees).

Loss or damage

- B.2** Where there is loss or damage affecting any executed work and/or Site Materials, the provisions of clause 6.13 shall as relevant apply.

DRAFT

Insurance Option C

(Joint Names Insurance by the Employer of Existing Structures and Works in or Extensions to them)^[65]

Existing Structures and contents – Joint Names Policy for Specified Perils

- C.1** The Employer shall unless otherwise stated by the Contract Particulars for clause 6.7 and this Schedule effect and for the period specified in clause 6.7.2 maintain a Joint Names Policy in respect of the Existing Structures together with the contents of them owned by him or for which he is responsible, for the full cost of reinstatement, repair or replacement of loss or damage due to any of the Specified Perils.

The Works – Joint Names Policy for All Risks

- C.2** The Employer shall effect and for the period specified in clause 6.7.2 maintain a Joint Names Policy for All Risks Insurance with cover no less than that specified in clause 6.8 for the full reinstatement value of the Works or (where applicable) Sections (plus the percentage, if any, stated in the Contract Particulars to cover professional fees).

Loss or damage

- C.3** If during the carrying out of the Works there is any loss of or damage of any kind to any executed work, Site Materials and/or to any Existing Structures or their contents the provisions of clauses 6.13 and 6.14 shall as relevant apply.

[65] Insurance Option C is for use where there are Existing Structures. It can be used in its existing printed form by those Employers who are able to effect the Joint Names, Specified Perils cover for the Contractor in respect of the Existing Structures and those contents that are owned by the Employer or for which he is responsible.

However, the Joint Names Policy required by paragraph C.1 or the extension of a subsisting structure and contents policy to being a Joint Names Policy may not be readily available – and that provision is often not now appropriate for – refurbishment projects or alterations by tenant Employers where Existing Structures insurance is the landlord's responsibility.

Joint Names cover may also not be readily available to some domestic owner-occupiers looking to undertake refurbishments or extensions to their property.

The Contract Particulars for clause 6.7 and Schedule 3 therefore expressly allow the Parties in those circumstances to disapply paragraph C.1 and, by means of a C.1 Replacement Schedule, to include in place of that paragraph provisions that are tailored to their particular requirements.

In JCT's view the preparation of such replacement provisions must be assigned to insurance professionals.

An explanatory summary of the alternative arrangements generally adopted to overcome those difficulties is, however, contained in the Standard Building Contract Guide.

Schedule 4 Code of Practice

(Clause 3.18.4)

The purpose of the Code is to assist in the fair and reasonable operation of the requirements of clause 3.18.4.

The Architect/Contract Administrator and the Contractor should endeavour to agree the amount and method of opening up or testing, but in any case, in issuing his instructions pursuant to that clause, the Architect/Contract Administrator is required to consider the following criteria:

- 1 the need in the event of non-compliance to demonstrate at no cost to the Employer either that it is unique and not likely to occur in similar elements of the Works or alternatively, the extent of any similar non-compliance in the Works already constructed or still to be constructed;
- 2 the need to discover whether any non-compliance in a primary structural element is a failure of workmanship and/or materials such that rigorous testing of similar elements must take place; or, where the non-compliance is in a less significant element, whether it is such as is to be statistically expected and can simply be repaired; or whether the non-compliance indicates an inherent weakness such as can only be found by selective testing, the extent of which must depend upon the importance of any detail concerned;
- 3 the significance of the non-compliance, having regard to the nature of the work in which it has occurred;
- 4 the consequence of any similar non-compliance on the safety of the building, its effect on users, adjoining property, the public, and compliance with any Statutory Requirements;
- 5 the level and standard of supervision and control of the Works by the Contractor;
- 6 the relevant records of the Contractor and, where relevant, those of any sub-contractor, whether resulting from the supervision and control referred to in paragraph 5 or otherwise;
- 7 any Codes of Practice or similar advice issued by a responsible body which are applicable to the non-compliant work, materials or goods;
- 8 any failure by the Contractor to carry out, or to secure the carrying out of, any tests specified in the Contract Documents or in an instruction of the Architect/Contract Administrator;
- 9 the reason for the non-compliance, when this has been established;
- 10 any technical advice that the Contractor has obtained in respect of the non-compliant work, materials or goods;
- 11 current recognised testing procedures;
- 12 the practicability of progressive testing in establishing whether any similar non-compliance is reasonably likely;
- 13 if alternative testing methods are available, the time required for and the consequential costs of such alternative testing methods;
- 14 any proposals of the Contractor; and
- 15 any other relevant matters.

Schedule 5 Third Party Rights

(Clauses 7.7 and 7.8)

Part 1: Third Party Rights for Purchasers and Tenants

('P&T Rights')

1

- 1.1 The Contractor warrants as at and with effect from practical completion of the Works (or, where there are Sections, practical completion of the relevant Section) that he has carried out the Works or, as the case may be, that Section, in accordance with this Contract. In the event of any breach of this warranty and subject to paragraphs 1.2, 1.3 and 1.4:
- 1.1.1 the Contractor shall be liable for the reasonable costs of repair, renewal and/or reinstatement of any part or parts of the Works to the extent that the Purchaser or Tenant incurs such costs and/or the Purchaser or Tenant is or becomes liable either directly or by way of financial contribution for such costs; and
- 1.1.2 where the Rights Particulars state that paragraph 1.1.2 applies, the Contractor shall in addition to the costs referred to in paragraph 1.1.1 be liable for any other losses incurred by the Purchaser or Tenant up to the maximum liability stated in or by the Rights Particulars.
- 1.2 Where paragraph 1.1.2 does not apply, the Contractor shall not be liable for any losses incurred by the Purchaser or Tenant other than the costs referred to in paragraph 1.1.1.
- 1.3 The Contractor's liability to a Purchaser or Tenant in respect of its P&T Rights shall be limited to the proportion of the Purchaser's or Tenant's losses which it would be just and equitable to require the Contractor to pay having regard to the extent of the Contractor's responsibility for the same, on the assumptions that the Consultant(s):
- 1.3.1 has or have provided contractual undertakings to or conferred third party rights on the Purchaser or Tenant as regards the performance of his or their services in connection with the Works in accordance with the terms of his or their respective consultancy agreements and that there are no limitations on liability as between the Consultant and the Employer in the consultancy agreement(s); and
- 1.3.2 has or have paid to the Purchaser or Tenant such proportion of the Purchaser's or Tenant's losses as it would be just and equitable for them to pay having regard to the extent of their responsibility for the Purchaser's or Tenant's losses.
- 1.4 The Contractor shall be entitled in any action or proceedings by the Purchaser or Tenant to rely on any term in this Contract and to raise the equivalent rights in defence of liability as he would have against the Employer under this Contract.
- 1.5 The obligations of the Contractor under or pursuant to this paragraph 1 shall not be released or diminished by the appointment of any person by the Purchaser or Tenant to carry out any independent enquiry into any relevant matter.

2 The Contractor further warrants that unless required by this Contract or unless otherwise authorised in writing by the Employer or by the Architect/Contract Administrator named in or appointed pursuant to this Contract (or, where such authorisation is given orally, confirmed in writing by the Contractor to the Employer and/or the Architect/Contract Administrator), he has not used and will not use materials in the Works other than in accordance with the guidelines contained in the edition of 'Good Practice in Selection of Construction Materials' (British Council for Offices) current at the date of this Contract. In the event of any breach of this warranty the provisions of paragraph 1 shall apply.

3 The Purchaser or Tenant has no authority to issue any direction or instruction to the Contractor in relation to this Contract.

4 Where the Works include a Contractor's Designed Portion, the Purchaser or Tenant, insofar as it is the

purchaser or tenant of any part(s) of the site falling within the Contractor's Designed Portion, and subject to the Contractor having been paid all sums due and payable under this Contract, shall in respect of such parts have rights and licences in relation to the Contractor's Design Documents in the same terms as those conferred on the Employer by clause 2.41, but subject to similar conditions, limitations and exclusions as apply thereunder to the Employer.

- 5 Where the Works include a Contractor's Designed Portion and this Contract requires the Contractor to take out and maintain Professional Indemnity insurance, the Contractor warrants that he has and shall maintain that insurance in the amount, on the terms and for the period referred to in clause 6.15 and its related Contract Particulars^[66]. The Contractor shall immediately give written notice to the Purchaser or Tenant if such insurance ceases to be available at commercially reasonable rates in order that the Contractor and the Purchaser or Tenant can discuss the means of best protecting their respective positions in the absence of such insurance. As and when reasonably requested to do so by the Purchaser or Tenant, the Contractor shall produce for inspection documentary evidence that his Professional Indemnity insurance is being maintained.
- 6 P&T Rights may be assigned without the Contractor's consent by a Purchaser or Tenant, by way of absolute legal assignment, to another person (P1) taking an assignment of the Purchaser's or Tenant's interest in the Works and by P1, by way of absolute legal assignment, to another person (P2) taking an assignment of P1's interest in the Works. In such cases the assignment shall only be effective upon written notice of it being given to the Contractor. No further or other assignment of a Purchaser's or Tenant's rights under this Schedule will be permitted and in particular P2 shall not be entitled to assign these rights.
- 7 Any notice to be given by the Purchaser or Tenant to the Contractor or by the Contractor to the Purchaser or Tenant shall be duly given if delivered by hand or sent by Recorded Signed for or Special Delivery post to the recipient at such address as he may from time to time notify to the sender or (if no such address is then current) his last known principal business address or (where a body corporate) its registered or principal office. Where sent by post in that manner, it shall, subject to proof to the contrary, be deemed to have been received on the second Business Day after the date of posting.
- 8 No action or proceedings for any breach of P&T Rights shall be commenced against the Contractor after the expiry of the relevant period from the date of practical completion of the Works. Where there are Sections, no action or proceedings shall be commenced against the Contractor in respect of any Section after the expiry of the relevant period from the date of practical completion of such Section. For the purposes of this paragraph, the relevant period shall be:
- 8.1 where this Contract is executed under hand, 6 years; and
- 8.2 where this Contract is executed as a deed, 12 years.
- 9 For the avoidance of doubt, the Contractor shall have no liability to the Purchaser or Tenant under this Schedule for delay in completion of the Works.
- 10 This Schedule shall be governed by and construed in accordance with the law of England and the English courts shall have jurisdiction over any dispute or difference between the Contractor and any Purchaser or Tenant which arises out of or in connection with the P&T Rights of that Purchaser or Tenant.

Part 2: Third Party Rights for a Funder

('Funder Rights')

- 1 The Contractor warrants that he has complied and will continue to comply with this Contract. In the event of any breach of this warranty:
- 1.1 the Contractor's liability to the Funder for costs under this Schedule shall be limited to the proportion of the Funder's losses which it would be just and equitable to require the Contractor to pay having regard to the extent of the Contractor's responsibility for the same, on the assumptions that the Consultant(s):
- 1.1.1 has or have provided contractual undertakings to or conferred third party rights on the Funder that he or they has or have and will perform his or their services in connection with the Works in accordance with the terms of his or their respective

[66] For Contractors who do not carry Professional Indemnity insurance, see the Standard Building Contract Guide.

consultancy agreements and that there are no limitations on liability as between the Consultant and the Employer in the consultancy agreement(s); and

- 1.1.2 has or have paid to the Funder such proportion of the Funder's losses as it would be just and equitable for them to pay having regard to the extent of their responsibility for the Funder's losses;
- 1.2 the Contractor shall be entitled in any action or proceedings by the Funder to rely on any term in this Contract and to raise the equivalent rights in defence of liability as he would have against the Employer under this Contract;
- 1.3 the obligations of the Contractor under or pursuant to this paragraph 1 shall not be released or diminished by the appointment of any person by the Funder to carry out any independent enquiry into any relevant matter.
- 2 The Contractor further warrants that unless required by this Contract or unless otherwise authorised in writing by the Employer or by the Architect/Contract Administrator named in or appointed pursuant to this Contract (or, where such authorisation is given orally, confirmed in writing by the Contractor to the Employer and/or the Architect/Contract Administrator), he has not used and will not use materials in the Works other than in accordance with the guidelines contained in the edition of 'Good Practice in Selection of Construction Materials' (British Council for Offices) current at the date of this Contract. In the event of any breach of this warranty the provisions of paragraph 1 shall apply.
- 3 The Funder has no authority to issue any direction or instruction to the Contractor in relation to this Contract unless and until the Funder has given notice under paragraph 5 or 6.4.
- 4 The Funder has no liability to the Contractor in respect of amounts due under this Contract unless and until the Funder has given notice under paragraph 5 or 6.4.
- 5 The Contractor agrees that, in the event of the termination of the Finance Agreement by the Funder, the Contractor shall, if so required by written notice given by the Funder and subject to paragraph 7, accept the instructions of the Funder or its appointee to the exclusion of the Employer in respect of the Works upon the terms and conditions of this Contract. The Employer acknowledges that the Contractor shall be entitled to rely on a notice given to the Contractor by the Funder under this paragraph 5 as conclusive evidence for the purposes of this Contract of the termination of the Finance Agreement by the Funder; and further acknowledges that such acceptance of the instructions of the Funder to the exclusion of the Employer shall not constitute any breach of the Contractor's obligations to the Employer under this Contract.
- 6
- 6.1 The Contractor shall not exercise any right of termination of his employment under this Contract without having first:
- 6.1.1 copied to the Funder any notices required by this Contract to be sent to the Architect/Contract Administrator or to the Employer prior to the Contractor being entitled to give notice under this Contract that his employment under this Contract is terminated; and
- 6.1.2 given to the Funder written notice that he has the right under this Contract forthwith to notify the Employer that his employment under this Contract is terminated.
- 6.2 The Contractor shall not treat this Contract as having been repudiated by the Employer without having first given to the Funder written notice that he intends so to notify the Employer.
- 6.3 The Contractor shall not:
- 6.3.1 issue a notice to the Employer to which paragraph 6.1.2 refers; or
- 6.3.2 notify the Employer that he is treating this Contract as having been repudiated by the Employer as referred to in paragraph 6.2
- before the lapse of 14 days from receipt by the Funder of the notice by the Contractor which the Contractor is required to give under paragraph 6.1.2 or 6.2.
- 6.4 The Funder may, not later than the expiry of the period referred to in paragraph 6.3, require the Contractor by written notice and subject to paragraph 7 to accept the instructions of the

Funder or its appointee to the exclusion of the Employer in respect of the Works upon the terms and conditions of this Contract. The Employer acknowledges that the Contractor shall be entitled to rely on a notice given to the Contractor by the Funder under this paragraph 6.4 and that acceptance by the Contractor of the instructions of the Funder to the exclusion of the Employer shall not constitute any breach of the Contractor's obligations to the Employer under this Contract. Provided that nothing in this paragraph 6.4 shall relieve the Contractor of any liability he may have to the Employer for any breach by the Contractor of this Contract.

- 7 It shall be a condition of any notice given by the Funder under paragraph 5 or 6.4 that the Funder or its appointee accepts liability for payment of the sums due and payable to the Contractor under this Contract and for performance of the Employer's obligations including payment of any sums outstanding at the date of such notice. Upon the issue of any notice by the Funder under paragraph 5 or 6.4, this Contract shall continue in full force and effect as if no right of termination of the Contractor's employment under this Contract, nor any right of the Contractor to treat this Contract as having been repudiated by the Employer, had arisen and the Contractor shall be liable to the Funder and its appointee under this Contract in lieu of his liability to the Employer. If any notice given by the Funder under paragraph 5 or 6.4 requires the Contractor to accept the instructions of the Funder's appointee, the Funder shall be liable to the Contractor as guarantor for the payment of all sums from time to time due to the Contractor from the Funder's appointee.
- 8 Where the Works include a Contractor's Designed Portion and subject to the Contractor having been paid all sums due and payable under this Contract, the Funder shall have rights and licences in relation to the Contractor's Design Documents in the same terms as those conferred on the Employer by clause 2.41, but subject to similar conditions, limitations and exclusions as apply thereunder to the Employer.
- 9 Where the Works include a Contractor's Designed Portion and this Contract requires the Contractor to take out and maintain Professional Indemnity insurance, the Contractor warrants that he has and shall maintain that insurance in the amount, on the terms and for the period referred to in clause 6.15 and its related Contract Particulars^[66]. The Contractor shall immediately give written notice to the Funder if such insurance ceases to be available at commercially reasonable rates in order that the Contractor and the Funder can discuss the means of best protecting their respective positions in the absence of such insurance. As and when reasonably requested to do so by the Funder or its appointee under paragraph 5 or 6.4, the Contractor shall produce for inspection documentary evidence that his Professional Indemnity insurance is being maintained.
- 10 The rights contained in this Schedule may be assigned without the Contractor's consent by the Funder, by way of absolute legal assignment, to another person (P1) providing finance or re-finance in connection with the carrying out of the Works and by P1, by way of absolute legal assignment, to another person (P2) providing finance or re-finance in connection with the carrying out of the Works. In such cases the assignment shall only be effective upon written notice of it being given to the Contractor. No further or other assignment of Funder Rights will be permitted and in particular P2 shall not be entitled to assign these rights.
- 11 Any notice to be given by the Contractor to the Funder or by the Funder to the Contractor shall be duly given if delivered by hand or sent by Recorded Signed for or Special Delivery post to the recipient at such address as he may from time to time notify to the sender or (if no such address is then current) his last known principal business address or (where a body corporate) its registered or principal office. Where sent by post in that manner, it shall, subject to proof to the contrary, be deemed to have been received on the second Business Day after the date of posting.
- 12 No action or proceedings for any breach of the rights contained in this Schedule shall be commenced against the Contractor after the expiry of the relevant period from the date of practical completion of the Works. Where there are Sections, no action or proceedings shall be commenced against the Contractor in respect of any Section after the expiry of the relevant period from the date of practical completion of such Section. For the purposes of this paragraph, the relevant period shall be:
- 12.1 where this Contract is executed under hand, 6 years; and
- 12.2 where this Contract is executed as a deed, 12 years.
- 13 Notwithstanding the rights contained in this Schedule, the Contractor shall have no liability to the Funder for delay under this Contract unless and until the Funder serves notice pursuant to paragraph 5 or 6.4. For the avoidance of doubt the Contractor shall not be required to pay damages in respect of the period of delay where the same has been paid to or deducted by the Employer.
- 14

- 14.1 This Schedule shall be governed by and construed in accordance with the law of England and subject to paragraph 14.2 the English courts shall have jurisdiction over any dispute or difference between the Contractor and the Funder which arises out of or in connection with this Schedule.
- 14.2 Following the giving of any notice by the Funder pursuant to paragraph 5 or 6.4, any dispute or difference which shall arise between the Contractor and the Funder (including any appointee or permitted assignee) shall be subject to the provisions of Article 7 and (where they apply) Article 8 and clauses 9.3 to 9.8.

Schedule 6 Forms of Bonds

(Clauses 4.7, 4.16 and 4.18)

(Agreed between the JCT and the British Bankers' Association)

Part 1: Advance Payment Bond^[67]

1 THE parties to this Bond are:

5 The Surety consents and agrees that the following actions by the Employer may be made and done without notice to or consent of the Surety and without in any way affecting changing or releasing the Surety from its obligations under this Bond and the liability of the Surety hereunder shall not in any way be affected hereby. The actions are:

- 7 The obligations of the Surety under this Bond shall cease upon whichever is the earliest of:
- 7.1 the date on which the Advance Payment is reduced to nil as certified in writing to the Surety by the Employer;
- 7.2 the date on which the Advance Payment or any balance thereof is repaid to the Employer by the Contractor (as certified in writing to the Surety by the Employer) or by the Surety; and
- 7.3 [longstop date to be given],
- and any claims hereunder must be received by the Surety in writing on or before such earliest date.

Notes^[69]

- 1 The terms of this Retention Bond have been agreed with the British Bankers' Association and discussed with the Surety Panel of the Association of British Insurers. The JCT understands that a Bond which embodies the terms of this Part 3 of Schedule 6 is, at the proposed Surety's discretion, available to a Contractor where the Employer has incorporated into a building contract in the JCT Standard Building Contract 2016 Edition, optional clause 4.18.
- 2 In clause 2 the figure to be inserted here is the amount stated in the Contract Particulars pursuant to clause 4.18. It is understood that a Surety will, at additional cost to the Contractor, and which may be subject to other terms and conditions of the Surety, provide for a greater sum than that stated in clause 2 of the Bond if, due to variations, and had Retention been applicable, that amount would have increased. The reduction by 50% of the maximum aggregate sum at the date of issue of the next Interim Certificate after practical completion matches a similar reduction had Retention been applicable.
- 3 The inclusion in the last paragraph of clause 4 of the words "but not further or otherwise" is to make clear that the Contractor would not be prevented by the terms of clause 4 from alleging, under the Contract, that the Contractor was not in breach on any of the matters stated in clauses 4.3.1 to 4.3.5 of the Bond.

Any demand by the Employer under clause 4 of the Bond must not exceed the costs actually incurred by the Employer and is not to be in excess of the amount stated pursuant to clause 4.2.
- 4 The Surety will require an actual expiry date to be stated in clause 6.3 of the Bond or (if earlier) a date that is capable of being ascertained on the face of the Bond. Where this is not possible, alternative terms should be discussed with the Surety.

[69] These Notes will not appear on the Bond issued by the Surety.

Schedule 7 JCT Fluctuations Option A

(Clauses 4.3 and 4.14)

(Contribution, levy and tax fluctuations)

Deemed calculation of Contract Sum – labour

- A.1** The Contract Sum shall be deemed to have been calculated in the manner set out below and shall be subject to adjustment in the events specified hereunder.
- A.1.1** The Contract Sum is based upon the types and rates of contribution, levy and tax payable by a person in his capacity as an employer and which at the Base Date are payable by the Contractor. A type and a rate so payable are in paragraph A.1.2 referred to as a 'tender type' and a 'tender rate'.
- A.1.2** If any of the tender rates other than a rate of levy payable by virtue of the Industrial Training Act 1982 is increased or decreased, or if a tender type ceases to be payable, or if a new type of contribution, levy or tax which is payable by a person in his capacity as an employer becomes payable after the Base Date, then in any such case the net amount of the difference between what the Contractor actually pays or will pay in respect of:
- A.1.2.1** workpeople engaged upon or in connection with the Works either on or adjacent to the site; and
- A.1.2.2** workpeople directly employed by the Contractor who are engaged upon the production of materials or goods for use in or in connection with the Works and who operate neither on nor adjacent to the site and to the extent that they are so engaged
- or because of his employment of such workpeople and what he would have paid had the alteration, cessation or new type of contribution, levy or tax not become effective shall, as the case may be, be paid to or allowed by the Contractor.
- A.1.3** There shall be added to the net amount paid to or allowed by the Contractor under paragraph A.1.2, in respect of each person employed by the Contractor who is engaged upon or in connection with the Works either on or adjacent to the site and who is not within the definition of workpeople in paragraph A.11.3, the same amount as is payable or allowable in respect of a craftsman under paragraph A.1.2 or such proportion of that amount as reflects the time (measured in whole working days) that each such person is so employed.
- A.1.4** For the purposes of paragraph A.1.3:
- A.1.4.1** no period of less than 2 whole working days in any week shall be taken into account and periods of less than a whole working day shall not be aggregated to amount to a whole working day;
- A.1.4.2** "the same amount as is payable or allowable in respect of a craftsman" shall refer to the amount in respect of a craftsman employed by the Contractor (or by any sub-contractor under a sub-contract to which paragraph A.3 refers) under the rules or decisions or agreements of the Construction Industry Joint Council or other wage-fixing body and, where those rules or decisions or agreements provide for more than one rate of wage, emolument or other expense for a craftsman, shall refer to the amount in respect of a craftsman employed as aforesaid to whom the highest rate is applicable; and
- A.1.4.3** "employed by the Contractor" shall mean an employment to which the Income Tax (Pay As You Earn) Regulations 2003 apply.
- A.1.5** The Contract Sum is based upon the types and rates of refund of the contributions, levies and taxes payable by a person in his capacity as an employer and upon the types and rates of premium receivable by a person in his capacity as an employer being in each case types and rates which at the Base Date are receivable by the Contractor. Such a type and

such a rate are in paragraph A.1.6 referred to as a 'tender type' and a 'tender rate'.

- A.1.6 If any of the tender rates is increased or decreased or if a tender type ceases to be payable or if a new type of refund of any contribution, levy or tax payable by a person in his capacity as an employer becomes receivable or if a new type of premium receivable by a person in his capacity as an employer becomes receivable after the Base Date, then in any such case the net amount of the difference between what the Contractor actually receives or will receive in respect of workpeople as referred to in paragraphs A.1.2.1 and A.1.2.2 or because of his employment of such workpeople and what he would have received had the alteration, cessation or new type of refund or premium not become effective shall, as the case may be, be paid to or allowed by the Contractor.
- A.1.7 The references in paragraphs A.1.5 and A.1.6 to premiums shall be construed as meaning all payments howsoever they are described which are made under or by virtue of an Act of Parliament to a person in his capacity as an employer and which affect the cost to an employer of having persons in his employment.
- A.1.8 Where employer's contributions are payable by the Contractor in respect of workpeople as referred to in paragraphs A.1.2.1 and A.1.2.2 whose employment is contracted-out employment within the meaning of the Pension Schemes Act 1993, the Contractor shall for the purpose of recovery or allowance under this paragraph A.1 be deemed to pay employer's contributions as if that employment were not contracted-out employment.
- A.1.9 The references in paragraph A.1 to contributions, levies and taxes shall be construed as meaning all impositions payable by a person in his capacity as an employer howsoever they are described and whoever the recipient which are imposed under or by virtue of an Act of Parliament and which affect the cost to an employer of having persons in his employment.

Deemed calculation of Contract Sum – materials

- A.2** The Contract Sum shall be deemed to have been calculated in the manner set out below and shall be subject to adjustment in the events specified hereunder.

- A.2.1 The Contract Sum is based upon the types and rates of duty, if any, and tax, if any (other than any VAT which is treated, or is capable of being treated, as input tax by the Contractor), by whomsoever payable which at the Base Date are payable on the import, purchase, sale, appropriation, processing, use or disposal of the materials, goods, electricity, fuels, materials taken from the site as waste or any other solid, liquid or gas necessary for the execution of the Works by virtue of any Act of Parliament. A type and a rate so payable are in paragraph A.2.2 referred to as a 'tender type' and a 'tender rate'.
- A.2.2 If, in relation to any materials or goods or any electricity or fuels or materials taken from the site as waste or any other solid, liquid or gas necessary for the execution of the Works including temporary site installations for those Works, a tender rate is increased or decreased or a tender type ceases to be payable or a new type of duty or tax (other than any VAT which is treated, or is capable of being treated, as input tax by the Contractor) becomes payable on the import, purchase, sale, appropriation, processing, use or disposal of any of the above things after the Base Date, then in any such case the net amount of the difference between what the Contractor actually pays in respect of those materials, goods, electricity, fuels, materials taken from the site as waste or any other solid, liquid or gas and what he would have paid in respect of them had the alteration, cessation or imposition not occurred shall, as the case may be, be paid to or allowed by the Contractor. In this paragraph A.2.2 "a new type of duty or tax" includes an additional duty or tax and a duty or tax imposed in regard to any of the above in respect of which no duty or tax whatever was previously payable (other than any VAT which is treated, or is capable of being treated, as input tax by the Contractor).

Sub-contract work – incorporation of provisions to like effect

A.3

- A.3.1 If the Contractor sub-contracts any portion of the Works to a sub-contractor he shall incorporate in the sub-contract provisions to the like effect as the provisions of JCT Fluctuations Option A (excluding this paragraph A.3) including the percentage stated in the Contract Particulars pursuant to paragraph A.12 which are applicable for the purposes of this Contract.
- A.3.2 If the price payable under such a sub-contract as referred to in paragraph A.3.1 is

increased above or decreased below the price in such sub-contract by reason of the operation of the said incorporated provisions, then the net amount of such increase or decrease shall, as the case may be, be paid to or allowed by the Contractor under this Contract.

- 9.6 Where the Contractor terminates a Named Specialist's employment in accordance with the terms of the relevant sub-contract or treats it as repudiated by the Named Specialist, the Architect/Contract Administrator may within 7 days of receipt of his copy of the Contractor's notice to that effect issue instructions in the terms of paragraph 9.3.2, 9.3.3 or 9.3.4, failing which he shall be deemed to have given an instruction in the terms of paragraph 9.3.3.
- 9.7 The Contractor's responsibility for carrying out and completing the Works in all respects in accordance with clause 2.1 shall not be affected in any manner by the naming of any person for any work in the manner referred to in paragraph 9.1 or the exercise by the Architect/Contract Administrator of any of his powers under this Supplemental Provision 9.
